IMPORTANT Information from Government Printing Works

Dear Valued Customers,

Government Printing Works has implemented rules for completing and submitting the electronic Adobe Forms when you, the customer, submits your notice request.

Please take note of these guidelines when completing your form.

GPW Business Rules

1. No hand written notices will be accepted for processing, this includes Adobe forms which have been completed by hand.
2. Notices can only be submitted in Adobe electronic form format to the email submission address submit.egazette@gpw.gov.za. This means that any notice submissions not on an Adobe electronic form that are submitted to this mailbox will be **rejected**. National or Provincial gazette notices, where the Z95 or Z95Prov must be an Adobe form but the notice content (body) will be an attachment.
3. Notices brought into GPW by "walk-in" customers on electronic media can only be submitted in Adobe electronic form format. This means that any notice submissions not on an Adobe electronic form that are submitted by the customer on electronic media will be **rejected**. National or Provincial gazette notices, where the Z95 or Z95Prov must be an Adobe form but the notice content (body) will be an attachment.
4. All customers who walk in to GPW that wish to submit a notice that is not on an electronic Adobe form will be routed to the Contact Centre where the customer will be taken through the completion of the form by a GPW representative. Where a customer walks into GPW with a stack of hard copy notices delivered by a messenger on behalf of a newspaper the messenger must be referred back to the sender as the submission does not adhere to the submission rules.
5. All notice submissions that do not comply with point 2 will be charged full price for the notice submission.
6. The current cut-off of all Gazette's remains unchanged for all channels. (Refer to the GPW website for submission deadlines – www.gpwnonline.co.za)
7. Incorrectly completed forms and notices submitted in the wrong format will be rejected to the customer to be corrected and resubmitted. Assistance will be available through the Contact Centre should help be required when completing the forms. (012-748 6200 or email info.egazette@gpw.gov.za)
8. All re-submissions by customers will be subject to the above cut-off times.
9. All submissions and re-submissions that miss the cut-off will be rejected to the customer to be submitted with a new publication date.
10. Information on forms will be taken as the primary source of the notice to be published. Any instructions that are on the email body or covering letter that contradicts the notice form content will be ignored.

You are therefore advised that effective from **Monday, 18 May 2015** should you not comply with our new rules of engagement, all notice requests will be rejected by our new system.

Furthermore, the fax number **012- 748 6030** will also be **discontinued** from this date and customers will only be able to submit notice requests through the email address submit.egazette@gpw.gov.za.

DO use the new Adobe Forms for your notice request.

These new forms can be found on our website:
www.gpwonline.co.za under the Gazette Services page.

DO attach documents separately in your email to GPW. (In other words, your email should have an Adobe Form plus proof of payment – 2 separate attachments – where notice content is applicable, it should also be a 3rd separate attachment)

DO specify your requested publication date.

DO send us the electronic Adobe form. (There is no need to print and scan it).

DON'T submit request as a single PDF containing all other documents, i.e. form, proof of payment & notice content, it will be **FAILED** by our new system.

DON'T print and scan the electronic Adobe form.

DON'T send queries or RFQ's to the submit.egazette mailbox.

DON'T send bad quality documents to GPW. (Check that documents are clear and can be read)

Form Completion Rules

Important!

No.	Rule Description	Explanation/example
1.	All forms must be completed in the chosen language.	GPW does not take responsibility for translation of notice content.
2.	All forms must be completed in sentence case, i.e. No fields should be completed in all uppercase.	e.g. "The company is called XYZ Production Works"
3.	No single line text fields should end with any punctuation, unless the last word is an abbreviation.	e.g. "Pty Ltd.", e.g. Do not end an address field, company name, etc. with a period (.) comma (,) etc.
4.	Multi line fields should not have additional hard returns at the end of lines or the field itself.	This causes unwanted line breaks in the final output, e.g. <ul style="list-style-type: none"> Do not type as: 43 Bloubokrand Street Putsonderwater 1923 Text should be entered as: 43 Bloubokrand Street, Putsonderwater, 1923
5.	Grid fields (Used for dates, ID Numbers, Telephone No., etc.)	<ul style="list-style-type: none"> Date fields are verified against format CCYY-MM-DD Time fields are verified against format HH:MM Telephone/Fax Numbers are not verified and allow for any of the following formats limited to 13 characters: including brackets, hyphens, and spaces <ul style="list-style-type: none"> 0123679089 (012) 3679089 (012)367-9089
6.	Copy/Paste from other documents/text editors into the text blocks on forms.	<ul style="list-style-type: none"> Avoid using this option as it carries the original formatting, i.e. font type, size, line spacing, etc. Do not include company letterheads, logos, headers, footers, etc. in text block fields.

No.	Rule Description	Explanation/example
7.	Rich text fields (fields that allow for text formatting)	<ul style="list-style-type: none"> • Font type should remain as Arial • Font size should remain unchanged at 9pt • Line spacing should remain at the default of 1.0 • The following formatting is allowed: <ul style="list-style-type: none"> ○ Bold ○ Italic ○ Underline ○ Superscript ○ Subscript • Do not use tabs and bullets, or repeated spaces in lieu of tabs and indents • Text justification is allowed: <ul style="list-style-type: none"> ○ Left ○ Right ○ Center ○ Full • Do not use additional hard or soft returns at the end of line/paragraphs. The paragraph breaks are automatically applied by the output software <ul style="list-style-type: none"> ○ Allow the text to wrap automatically to the next line only use single hard return to indicate the next paragraph ○ Numbered lists are allowed, but no special formatting is applied. It maintains the standard paragraph styling of the gazette, i.e. first line is indented.

NOTICE 473 OF 2015
DEPARTMENT OF TRANSPORT
THE 2015/16 – 2019/20 PERMISSION FOR AIRPORTS COMPANY SOUTH
AFRICA

REGULATING COMMITTEE

DRAFT PERMISSION TO LEVY AIRPORT CHARGES

It is hereby published for general notice that on 8 May 2015 the Regulating Committee established by Section 11 of the Airports Company Act (Act 44 of 1993), issued in terms of Section 12 (5) of the said Act to the Airports Company, the Permission set out in the Schedule. This Permission will be effected from 01 October 2015 to 31 March 2020.

The closing date for comments is 29 May 2015.

Unathi Mntonintshi

Chairperson of the Regulating Committee

May 2015

SCHEDULE

PERMISSION TO LEVY AIRPORT CHARGES FOR 2015/16 – 2019/20

In this Schedule any word or expression to which a meaning has been assigned in the Aviation Act, 1962 (Act No. 74 of 1962) or the Airports Company Act, 1993 (Act No. 44 of 1993), shall have the meaning so assigned to it, unless the context otherwise indicates.

Subject to the provisions of the Airports Company Act, 1993 (Act No. 44 of 1993), the Airports Company of South Africa (the Company) is hereby authorised to levy airport charges and conduct relevant activities from 1 April 2015 to 31 March 2020 on the following conditions:

1. Limits on airport charges

- (1) The tariff structure will be of the same mathematical format and apply under the same circumstances as immediately before the date of the issuing of this permission.
- (2) In the event of the Company contemplating modifying the structure of airport charges, the Company shall satisfy the Regulating Committee that the resultant charges will have the same material effect as the conditions on airport charges of this permission.
- (3) Notwithstanding subsection (5), the Company shall submit annually to the Committee a report on the implementation of the adjusted tariff structure.
- (4)
 - (a) The Company may during the period of validity of this permission alter the level of airport charges to the maximum limit set by the following formula:

$$RWPTI_t \leq (CPI_t - X_t + CF_t) + K_t$$

Where:

- $RWPTI_t$ = the sum of the revenue weighted percentage tariff increases in year t
- CPI_t = the CPI forecast at the beginning of period t for the period t
- X_t = the subtractive X factor for year t set out in subsection (c)
- K_t = the K factor for year t set out in subsection (d)
- CF_t = $(CPI_{t-2} - X_{t-1} + CF_{t-1} - (RWPTI_{t-2} - K_{t-2})) \times (1 + Pr_{t-2})$

Where:

- CPI_{t-2} = actual CPI for the year $(t-2)$
- Pr_{t-2} = predominant prime overdraft rate
- $RWPTI_{t-2}$ = the sum of the permitted revenue weighted percentage tariff increases in year

(t-2)

The Regulating Committee may, in exceptional circumstances only, implement a further regulatory adjustment to tariffs, where it deems such an adjustment necessary in fulfilling its duties per the Airports Company Act, 1993 (Act No. 44 of 1993).

(b) The CPI as determined by the independent forecast for the Regulating Committee shall be:

- 5.7% in financial year 2015/16
- 5.6% in financial year 2016/17
- 5.4% in financial year 2017/18
- 5.3% in financial year 2018/19
- 5.4% in financial year 2019/20

(c) X shall be:

- 48.2% in financial year 2015/16
- 1.5% in financial year 2016/17
- 10.4% in financial year 2017/18
- 10.6% in financial year 2018/19
- 1.4% in financial year 2019/20

An efficiency component has been included in the X factor.

In arriving at the X factors for the Permission period, the Committee has taken into consideration the permission application presented by the Company including, inter alia, the anticipated traffic volumes, capital expenditure and cost efficiencies as well as the rates of return anticipated, the claw-back and the proceeds from the sale of Durban International Airport.

In estimating a reasonable rate of return for the Company, the Committee has taken into consideration the various economic and market indicators, including bond yields, market risk premiums, the industry risk profile, cost of debt and ideal gearing levels, as well as factors specifically applicable to the Company.

Based on the above, the Committee estimates that a reasonable rate of return for the Company should approximate a 2.9% premium to the risk free rate on average over the period of the permission.

Clearly, the rate of return is only one of several considerations in applying the price-cap regulation and factors such as actual inflation, capital expenditure, cost efficiencies and traffic volumes would affect the anticipated returns.

(d) K factor

The K factor provides for extraordinary or especially lumpy once-off capital expenditures which are so extensive that they can neither be financed under the terms of the permission in place nor, for strategic reasons, delayed until the next permission. Similarly, where a major capital expenditure programme is significantly curtailed or cancelled, a negative K factor may be required.

At the time of publishing this permission, the K factor is set at nil.

If such circumstances arise during the period of this permission that the Regulating Committee deems it necessary and appropriate, a K factor may be published by the Regulating Committee during the period of this permission.

(e) Correction factor

The performance of the Company for the 2013/14 financial year has been considered. A correction factor of nil has been allowed in respect of this financial year.

(f) Base tariffs

The movement determined as set out in section 1 (4) (a) to (e) of this Schedule for the financial year 2015/16 shall be applied to the tariffs set out in Annexure A. As a result of the delay in publication of this Schedule, the Company is to decrease its tariffs for the remaining portion of the financial year such that the revenue weighted percentage tariff decrease for the full financial year 2015/16 is equal to a total of the movement set out in section 1 (4) (b) and (c) above. The Company is to apply the 2016/17 increase as if the 2015/16 decrease set out in section 1 (4) (b) and (c) above was applied to the full financial year, and not on the pro-rata tariff as a result of the delay.

(g) Regulatory Asset Base

In arriving at the X factors for the Permission period, the Committee has applied the principles for the valuation and implementation of the Regulatory Asset Base as published by the Committee in the Approach Document dated September 2014.

- (5) The Company shall furnish the Regulating Committee with such information as may be agreed upon from time to time. In the absence of such agreement any information as may be requested by the Regulating Committee in order to enable the Committee to apply the conditions of this permission.
- (6) Notwithstanding subsection (5), the Company shall submit annually to the Committee a detailed audited variance analysis report, including key performance indicators, setting out how the main underlying assumptions of the business plan on which this permission is based compare to actual events. In addition, the Company shall furnish an audited certificate setting out the actual revenue weighted percentage tariff increase for the period.
- (7) The Regulating Committee expects the Company to set its total revenues such that it reflects an efficient underlying total cost base and a reasonable profit margin.
- (8) It also encourages the Company to exercise a degree of restraint in implementing its tariff increases where it anticipates that excessive profits will be generated.
- (9) The tariff increases implemented should be fairly balanced between the users (i.e. passengers

and airlines). The revenue weighted percentage tariff increase applied to passengers may not exceed the revenue weighted percentage tariff increase applied to airlines.

2. Service Standards

- (1) The Company shall maintain the level of service of any relevant activity at the same level or higher as that provided immediately before the date of the issuing of this permission. Provided that the Company may alter a level of service only if -
 - (a) the Company has applied to the Regulating Committee for the approval of such an alteration;
 - (b) the Company has satisfied the Regulating Committee that such an alteration will not materially affect users of any such relevant activity.

- (2) The Company shall be responsible for the monitoring on a regular basis of those relevant activities at Company airports as may be agreed from time to time between the Company and the Regulating Committee. In the absence of such an agreement, the Regulating Committee shall determine those relevant activities at Company airports to be monitored. The Company shall report the results of such monitoring to the Regulating Committee in the format and at such intervals as the Committee may prescribe from time to time.

ANNEXURE A

The tariffs to which the revenue weighted percentage tariff increase for the financial year 2015/16 may be applied are set out below.

NOTICE 474 OF 2015
DEPARTMENT OF TRANSPORT
THE 2015/16 – 2019/20 PERMISSION FOR AIR TRAFFIC AND NAVIGATION
SERVICES COMPANY

REGULATING COMMITTEE

DRAFT PERMISSION TO LEVY AIR TRAFFIC AND NAVIGATION SERVICE
CHARGES

It is hereby published for general notice that on 8 May 2015 the Regulating Committee established by Section 11 of the Airports Company Act (Act 44 of 1993), issued in terms of Section 11 (5) of the ATNS Company Act to the ATNS Company, the Permission set out in the Schedule. This Permission will be effected from 01 October 2015 to 31 March 2020.

The closing date for comments is 29 May 2015.

Unathi Mntonintshi

Chairperson of the Regulating Committee

May 2015

SCHEDULE

**PERMISSION TO LEVY AIR TRAFFIC AND NAVIGATION SERVICE CHARGES FOR
2015/16 – 2019/20**

In this Schedule any word or expression to which a meaning has been assigned in the Aviation Act, 1962 (Act No. 74 of 1962) or the ATNS Company Act, 1993 (Act No. 45 of 1993), shall have the meaning so assigned to it, unless the context otherwise indicates.

Subject to the provisions of the ATNS Company Act, 1993 (Act No. 45 of 1993), the ATNS Company (the Company) is hereby authorised to levy air traffic services charges, provide air navigation infrastructure and conduct air traffic services and air navigation services from 1 April 2015 to 31 March 2020 on the following conditions:

1 Limits on air traffic service charges

- (1) The tariff structure will be of the same mathematical format and apply under the same circumstances as immediately before the date of the issuing of this permission.
- (2) In the event of the Company contemplating modifying the structure of airport charges, the Company shall satisfy the Regulating Committee that the resultant charges will have the same material effect as the conditions on airport charges of this permission.
- (3) Notwithstanding subsection (5), the Company shall submit annually to the Committee a report on the implementation of the adjusted tariff structure.

(4)

(a) The Company may during the period of validity of this permission alter the level of air traffic service charges to the maximum limit set by the following formula:

$$RWPTI_t \leq (CPI_t - X_t + CF_t) + K_t$$

Where:

$RWPTI_t$ = the sum of the revenue weighted percentage tariff increases in year t

CPI_t = the CPI forecast at the beginning of period t for the period t

X_t = the subtractive X factor for year t set out in subsection (c)

K_t = the K factor for year t set out in subsection (d)

$$CF_t = (CPI_{t-2} - X_{t-2} + CF_{t-2} - (RWPTI_{t-2} - K_{t-2})) \times (1 + Pr_{t-2})$$

Where

CPI_{t-2} = actual CPI for the year $(t - 2)$

Pr_{t-2} = predominant prime overdraft rate in year $(t - 2)$

$RWPTI_{t-2}$ = the sum of the revenue weighted percentage tariff increases in year $(t-2)$

The Regulating Committee may, in exceptional circumstances only, implement a further regulatory adjustment to tariffs, where it deems such an adjustment necessary in fulfilling its duties per the ATNS Company Act, 1993 (Act No. 45 of 1993).

(b) The CPI as determined by the independent forecast for the Regulating Committee shall be:

5.7% in financial year 2015/16

5.6% in financial year 2016/17

5.4% in financial year 2017/18

5.3% in financial year 2018/19

5.4% in financial year 2019/20

The Regulating Committee will provide an independently obtained forecast CPI each year by November prior to the period to which the tariff increases relate for use by the Company in calculating the tariff increases for that period.

(c) X shall be:

30.6% in financial year 2015/16

-2.8% in financial year 2016/17

-6.6% in financial year 2017/18

-15.2% in financial year 2018/19

-0.4% in financial year 2019/20

The Committee has included an efficiency component in the X factor.

In arriving at the X factors for the Permission period, the Committee has taken into consideration the permission application presented by the Company including, *inter alia*, the anticipated traffic volumes, capital expenditure and cost efficiencies as well as the rates of return anticipated.

In estimating a reasonable rate of return for the Company, the Committee has taken into consideration the various economic and market indicators, including bond yields, market risk premiums, the industry risk profile, cost of debt and ideal gearing levels, as well as factors specifically applicable to the Company.

Based on the above, the Committee estimates that a reasonable rate of return for the Company should approximate a 2.11% premium to the risk free rate on average over the period of the permission.

Clearly, the rate of return is only one of several considerations in applying the price-cap regulation and factors such as actual inflation, capital expenditure, cost efficiencies and traffic volumes would affect the anticipated returns.

(d) K factor

The K factor provides for extraordinary or especially lumpy once-off capital expenditures which are so extensive that they can neither be financed under the terms of the permission in place nor, for strategic reasons, delayed until the next permission. Similarly, where a major capital expenditure programme is significantly curtailed or cancelled, a negative K factor may be required.

At the time of publishing this permission, the K factor is set at nil.

If such circumstances arise during the period of this permission that the Regulating Committee deems it necessary and appropriate, a K factor may be published by the Regulating Committee during the period of this permission.

(e) Correction factor

The performance of the Company for the 2013/14 financial year has been considered. A correction factor of nil has been allowed in respect of this financial year.

(f) Base tariffs

The increase determined as set out in section 1 (4) (a) to (e) of this Schedule for the financial year 2015/16 shall be applied to the tariffs set out in Annexure A. As a result of the delay in publication of this Schedule, the Company is permitted to decrease its tariffs for the remaining portion of the financial year such that the revenue weighted percentage tariff decrease for the full financial year 2015/16 is equal to a total of the movement set out in section 1 (4) (b) and (c) above. The company is to apply the 2016/17 increase as if the 2015/2016 decrease set out in section 1 (4) (b) and (c) above was applied to the full financial year, and not on the pro-rata tariff as a result of the delay.

(g) Regulatory Asset Base

In arriving at the X factors for the Permission period, the Committee has applied the principles for the valuation and implementation of the Regulatory Asset Base as published by the Committee in the Approach Document dated September 2014.

- (5) The Company shall furnish the Regulating Committee with such information as may be agreed upon from time to time. In the absence of such agreement any information as may be requested by the Regulating Committee in order to enable the Committee to apply the conditions of this permission.
- (6) Notwithstanding subsection (5), the Company shall submit annually to the Committee a detailed audited variance analysis report, including key performance indicators, setting out how the main underlying assumptions of the business plan on which this permission is based compare to actual events. In addition, the Company shall furnish an audited certificate setting out the actual revenue weighted percentage tariff increase for the period.
- (7) Other issues

In the interest of a more equitable balance amongst all stakeholders, the phasing out of origin-destination differentiation over 10 years as set out in section 10.14 of Notice 145 of 2006:

Publication of Air Traffic Service Charges (published by the Company on 3 February 2006) will continue to be applied.

- (8) The Regulating Committee expects the Company to set its total revenues such that it reflects an efficient underlying total cost base and a reasonable profit margin.
- (9) It also encourages the Company to exercise a degree of restraint in implementing its tariff increases where it anticipates that excessive profits will be generated.

2 Service Standards

- (1) The Company shall maintain the level of service of any relevant activity at the same level or higher as that provided immediately before the date of the issuing of this permission. Provided that the Company may alter a level of service only if –
 - (a) the Company has applied to the Regulating Committee for the approval of such an alteration;
 - (b) the Company has satisfied the Regulating Committee that such an alteration will not materially affect users of any such relevant activity.
- (2) The Company shall be responsible for the monitoring on a regular basis of the level of any air traffic service or any air navigation service, as may be agreed from time to time between the Company and the Regulating Committee. In the absence of such an agreement, the Regulating Committee shall determine the air traffic service and air navigation service to be monitored. The Company shall report the results of such monitoring to the Regulating Committee in the format and at such intervals as the Committee may prescribe from time to time.

ANNEXURE A

The tariffs to which the revenue weighted percentage tariff increase for the financial year 2015/16 may be applied are set out below.

AIR TRAFFIC SERVICE CHARGES: TARIFF FORMULAS AND COEFFICIENTS

1. An air traffic service charge is composed of the sum of VC, BSC and FC for each discrete Aerodrome, TMA Access and Area movement undertaken, according to the following mass categories and locations:

Main Mass Category	Cost Component	Formulas & Coefficients		
		Aerodrome Charge	TMA Access Charge	Area Charge
FAOR ≤ 5 000kg	VC BSC FC	R27,87 R113,24/10 000.MCM R59,74	R27,87 R113,24/10 000.MCM R110,38	
5 000kg < MCM ≤ 15 000 kg	VC BSC FC	R27,87 R113,24/10 000.MCM R119,51/10 000.MCM	R27,87 R113,24/10 000.MCM R22,08/1 000.MCM	R27,87 R113,24/10 000.MCM R15,84/100 000.MCM.d
> 15 000 kg	VC BSC FC	R27,87 R138,67/100.√MCM R146,38/100.√MCM	R27,87 R138,67/100.√MCM R270,38/100.√MCM	R27,87 R138,67/100.√MCM R194,09/10 000.√MCM.d

2. Each Rand-value coefficient in the table above is multiplied by:

- (a) 100% for a domestic flight;
- (b) 100% for a regional flight; and
- (c) 100% for an international flight,

except in the case of FCs for Aerodrome and TMA Access Charges at FAJS for aircraft with MCM ≤ 5 000 kg where the coefficient as stated in the table applies.

All definitions and clauses set out in general notice 228 of 2009: Publication of air traffic service charges dated February 2009 will continue to apply.
