**COMPENSATION FOR OCCUPATIONAL INJURIES AND DISEASES ACT, 1993  
(ACT No. 130 OF 1993), AS AMENDED****ANNUAL INCREASE IN MEDICAL TARIFFS FOR MEDICAL SERVICES PROVIDERS.**

1. 2. Medical Tariffs increase for **2017** is **7%**.
3. The fees appearing in the Schedule are applicable in respect of services rendered on or after **1 April 2017** and exclude VAT.
4. The Compensation Fund may review any tariff/s and or item/s appearing in the Schedule during this period.

**MN OLIPHANT, MP**  
**MINISTER OF LABOUR**

**DATE:** 09/03/2017

**GENERAL INFORMATION / ALGEMENE INLIGTING****THE EMPLOYEE AND THE MEDICAL SERVICE PROVIDER**

**The employee is permitted to freely choose his own service provider e.g. doctor, pharmacy, physiotherapist, hospital, etc.** and no interference with this privilege is permitted, as long as it is exercised reasonably and without prejudice to the employee or to the Compensation Fund. The only exception to this rule is in case where an employer, with the approval of the Compensation Fund, provides comprehensive medical aid facilities to his employees, i.e. including hospital, nursing and other services — section 78 of the Compensation for Occupational Injuries and Diseases Act refers.

In terms of section 42 of the Compensation for Occupational Injuries and Diseases Act the Compensation Fund may refer an injured employee to a specialist medical practitioner of his choice for a medical examination and report. Special fees are payable when this service is requested.

In the event of a change of medical practitioner attending to a case, the first doctor in attendance will, except where the case is transferred to a specialist, be regarded as the principal. **To avoid disputes regarding the payment for services rendered, medical practitioners should refrain from treating an employee already under treatment by another doctor without consulting / informing the first doctor.** As a general rule, changes of doctor are not favoured by the Compensation Fund, unless sufficient reasons exist.

According to the National Health Act no 61 of 2003, Section 5, a health care provider may not refuse a person emergency medical treatment. Such a medical service provider should not request the Compensation Fund to authorise such treatment before the claim has been submitted to and accepted by the Compensation Fund. **Pre-authorisation of treatment is not possible and no medical expense will be approved if liability for the claim has not been accepted by the Compensation Fund.**

An employee seeks medical advice at his own risk. If an employee represented to a medical service provider that he is entitled to treatment in terms of the Compensation for Occupational Injuries and Diseases Act, and yet failed to inform the Compensation Commissioner or his employer of any possible grounds for a claim, the Compensation Fund cannot accept responsibility for medical expenses incurred. The Compensation Commissioner could also have reasons not to accept a claim lodged against the Compensation Fund. In such circumstances the employee would be in the same position as any other member of the public regarding payment of his medical expenses.

**Please note that from 1 January 2004 a certified copy of an employee's identity document will be required in order for a claim to be registered with the Compensation Fund.** If a copy of the identity document is not submitted the claim will not be registered but will be returned to the employer for attachment of a certified copy of the employee's identity document. Furthermore, all supporting documentation submitted to the Compensation Fund must reflect the identity number of the employee. If the identity number is not included such documents can not be processed but will be returned to the sender to add the ID number.

The tariff amounts published in the tariff guides to medical services rendered in terms of the Compensation for Occupational Injuries and Diseases Act do not include VAT. All accounts for services rendered will be assessed without VAT. Only if it is indicated that the service provider is registered as a VAT vendor and a VAT registration number is provided, will VAT be calculated and added to the payment, without being rounded off.

The only exception is the “per diem” tariffs for Private Hospitals that already include VAT.

Please note that there are VAT exempted codes in the private ambulance tariff structure.

### **DIE WERKNEMER EN DIE MEDIESE DIENSVERSKAFFER**

*Die werknemer het ‘n vrye keuse van diensverskaffers bv. dokters, apteeke, fisioterapeute, hospitale ens. en geen inmenging met hierdie voorreg word toegelaat nie, solank dit redelik en sonder benadeling van die werknemer self of die Vergoedings Fonds uitgeoefen word. Die enigste uitsondering op hierdie reël is in geval waar die werkgever met die goedkeuring van die Vergoedings Kommissaris omvattende geneeskundige dienste aan sy werknemers voorsien, d.i. insluitende hospitaal-, verplegings- en ander dienste — artikel 78 van die Wet op Vergoeding vir Beroepsbeserings en Siektes verwys.*

*Kragtens die bepalinge van artikel 42 van die Wet op Vergoeding vir Beroepsbeserings en Siektes mag die Vergoedings Kommissaris ‘n beseerde werknemer na ‘n ander geneesheer deur homself aangewys verwys vir ‘n mediese ondersoek en verslag. Spesiale fooie is betaalbaar vir hierdie diens wat feitlik uitsluitlik deur spesialiste gelewer word.*

*In die geval van ‘n verandering in geneesheer wat ‘n werknemer behandel, sal die eerste geneesheer wat behandeling toegedien het, behalwe waar die werknemer na ‘n spesialis verwys is, as die lasgewer beskou word. **Ten einde geskille rakende die betaling vir dienste gelewer te voorkom, moet geneesheer hul daarvan weerhou om ‘n werknemer wat reeds onder behandeling is te behandel sonder om die eerste geneesheer in te lig.** Oor die algemeen word verandering van geneesheer, tensy voldoende redes daarvoor bestaan, nie aangemoedig nie.*

*Volgens die Nasionale Gesondheidswet no 61 van 2003 Afdeling 5, mag ‘n gesondheidswerker of diensverskaffer nie weier om noodbehandeling te verskaf nie. Die Vergoedingskommissaris kan egter nie sulke behandeling goedkeur alvorens aanspreeklikheid vir die eis kragtens die Wet op Vergoeding vir Beroepsbeserings en Siektes aanvaar is nie. **Vooraf goedkeuring vir behandeling is nie moontlik nie en geen mediese onkoste sal betaal word as die eis nie deur die Vergoedings fonds aanvaar word nie.***

*Dit moet in gedagte gehou word dat ‘n werknemer geneeskundige behandeling op sy eie risiko aanvra. As ‘n werknemer dus aan ‘n geneesheer voorgee dat hy geregtig is op behandeling in terme van die Wet op Vergoeding vir Beroepsbeserings en Siektes en tog versuim om die Vergoedingskommissaris of sy werkgever in te lig oor enige moontlike gronde vir ‘n eis, kan die Vergoedingsfonds geen aanspreeklikheid aanvaar vir geneeskundige onkoste wat aangegaan is nie. Die Vergoedings*

*Kommissaris kan ook rede hê om 'n eis teen die Vergoedingsfonds nie te aanvaar nie. Onder sulke omstandighede sou die werknemer in dieselfde posisie verkeer as enige lid van die publiek wat betaling van sy geneeskundige onkoste betref.*

*Neem asseblief kennis dat 'n **gesertifiseerde afskrif van die werknemer se identiteitsdokument benodig word vanaf 1 Januarie 2004** om 'n eis by die Vergoedingsfonds aan te meld. Indien 'n afskrif van die identiteitsdokument nie aangeheg is nie, sal die eis nie geregistreer word nie en die dokumente sal teruggestuur word aan die werkgewer vir die aanheg van die ID dokument. Alle ander dokumentasie wat aan die kantoor gestuur word moet ook die identiteitsnommer aandui. Indien nie aangedui nie, sal die dokumentasie nie verwerk word nie, maar teruggestuur word vir die aanbring van die identiteitsnommer.*

*Die bedrae gepubliseer in die handleiding tot tariewe vir dienste gelewer in terme van die Wet op Vergoeding vir Beroepsbeserings en Siektes, sluit BTW uit. Die rekenings vir dienste gelewer word aangeslaan en bereken sonder BTW.*

*Indien BTW van toepassing is en 'n BTW registrasienommer voorsien is, word BTW bereken en by die betalingsbedrag gevoeg sonder om afgerond te word.*

*Die enigste uitsondering is die “per diem” tarief vir Privaat Hospitale, wat BTW insluit.*

*Neem asseblief kennis dat daar tariewe in die koderstruktuur vir privaat ambulanse is waarop BTW nie betaalbaar is nie.*

**CLAIMS WITH THE COMPENSATION FUND ARE PROCESSED AS  
FOLLOWS •  
EISE TEEN DIE VERGOEDINGSFONDS WORD AS VOLG GEHANTEER**

1. New claims are registered by the Employers and the Compensation Fund and the **employer views the claim number allocated online**. The allocation of a claim number by the Compensation Fund, does not constitute acceptance of liability for a claim, but means that the injury on duty has been reported to and registered by the Compensation Commissioner. Enquiries regarding claim numbers should be directed to the employer and not to the Compensation Fund. The employer will be in the position to provide the claim number for the employee as well as indicate whether the claim has been accepted by the Compensation Fund • *Nuwe eise word geregistreer deur die Vergoedingsfonds en die werkgewer. Die eisnommer is op die web biskikbaar. Navrae aangaande eisnommers moet aan die werkgewer gerig word en nie aan die Vergoedingskommissaris nie. Die werkgewer kan die eisnommer verskaf en ook aandui of die Vergoedingsfonds die eis aanvaar het of nie*
2. If a claim is **accepted** as a COIDA claim, **reasonable medical expenses** will be paid by the Compensation Commissioner • *As 'n eis deur die Vergoedingsfonds aanvaar is, sal redelike mediese koste betaal word deur die Vergoedingsfonds.*
3. If a claim is **rejected (repudiated)**, accounts for services rendered will not be paid by the Compensation Commissioner. The employer and the employee will be informed of this decision and the injured employee will be liable for payment. • *As 'n eis deur die Vergoedingsfonds afgekeur (gerepudieer) word, word rekenings vir dienste gelewer nie deur die Vergoedingsfonds betaal nie. Die betrokke partye insluitend die diensverskaffers word in kennis gestel van die besluit. Die beseerde werknemer is dan aanspreeklik vir betaling van die rekenings.*
4. If **no decision** can be made regarding acceptance of a claim due to inadequate information, the outstanding information will be requested and upon receipt, the claim will again be adjudicated on. Depending on the outcome, the accounts from the service provider will be dealt with as set out in 2 and 3. Please note that there are claims on which a decision might never be taken due to lack of forthcoming information • *Indien geen besluit oor die aanvaarding van 'n eis weens 'n gebrek aan inligting geneem kan word nie, sal die uitstaande inligting aangevra word. Met ontvangs van sulke inligting sal die eis heroorweeg word. Afhangende van die uitslag, sal die rekening gehanteer word soos uiteengeset in punte 1 en 2. Ongelukkig bestaan daar eise waaroor 'n besluit nooit geneem kan word nie aangesien die uitstaande inligting nooit verskaf word nie.*

#### Code Structure Framework

The tariff code consists of 5 digits

i1st digit indicates the main anatomical region or procedural category.

•0 = General (non specific)□

•1 = Head□

•2 = Neck□

•3 = Thorax□

•4 = Abdomen and Pelvis (soft tissue)□

•5 = Spine, Pelvis and Hips□

•6 = Upper limbs□

•7 = Lower limbs□

•8 = Interventional□

•9 = Soft tissue regions (nuclear medicine)□

eg "Head" = 1xxxx□

ii2nd digit indicates the sub region within a main region or category eg.

•1Head / Skull and Brain" = 10xxx□

iii3rd digit indicates modality

•1 = General (Black and White) x-rays□

•2 = Ultrasound□

•3 = Computed Tomography□

•4 = Magnetic Resonance Imaging□

•5 = Angiography □

•6 = Interventional radiology□

•9 = Nuclear Medicine (Isotopes)□

eg:

"Head / Skull and Brain / General x-ray" = 101xx□

iv4th and 5th digits are specific to a procedure / examination, eg

"Head / Skull and Brain / General / X-ray of the skull" = 10100.

#### Guidelines for use of coding structure

•The vast majority of the codes describe complete procedures / examination and their use for the appropriate studies is self-explanatory.

•Some codes may have multiple applications and their use is described in notes associated with each code□

•Codes 00510 to 00560 (Angiography machine codes) may only be used by owners of the equipment and who have registered such equipment with the Board of Healthcare Funders / RSSA.

•The machine codes 00510, 00520, 00530, 00540, 00550, 00560 may not be added to 60540, 60550, 70530, 70535 (Antegrade Venography, upper and lower limbs)

•Where public sector hospital equipment is used for a procedure, the units will be reduced by 33.33%.

#### Consumables

•Prior to the implementation of Act 90, contrast will be billed according to the official 2004 RSSA reimbursement price list, without mark up.

•After the implementation of Act 90, contrast medium will be billed according to the suppliers' list price, without mark up.

#### General Comments on Procedural Codes

•All x-ray tomography codes are stand alone studies and may be used as a unique study or in combination with the appropriate regional study if done simultaneously. May not be added to 20130, 42110, 42115.

•Setting of sterile tray is included in all appropriate procedure codes. □

•Where introduction of contrast is necessary eg. sialography, arthrography, angiography, etc, the codes used for the procedures are comprehensive and include the introduction of contrast or isotopes.

•The use of Doppler or Colour Doppler as an adjunct to a study (eg small parts thyroid) is included in the code for that study.

•CT Angiography (10330, 20330, 32300, 32310, 44300, 44310, 44320, 44330, 60310, 70310, 70320) are stand alone studies and may not be added to the regional contrasted studies (see 10335, 20340, 20350, 44325 for combined studies).

•Angiography and interventional procedures include selective and super selective catheterization of vessels as are necessary to perform the procedures.

Codes 00230 (Ultrasound guidance), 00320 (CT guidance) and 00430 (MR guidance) are stand alone procedures that include the regional study and may not be added to any of the ultrasound, CT or MR regional studies

|              | Code 87654 (Thrombolysis follow up) may only be used on the days following the initial procedure, 87650 (thrombolysis). If a balloon angioplasty and / or stent placement is performed at more than one defined anatomical site at the same sitting the relevant codes may be combined. However multiple balloon dilatations or stent placements at one defined site will only attract one procedure code. |                                            |                 |                        |                  |
