11. The holder of this operating licence or permit or the agent or employee of such a holder, may not allow someone else to use this operating licence for a vehicle other than the vehicle specified herein.
12. The holder of this operating licence may not use the vehicle specified herein to apply for another operating licence knowing that a current operating licence has already been issued with regard to the same vehicle.

27. Where the employee of the holder is found guilty of an offence
28. The holder of this operating licence or the agent or employee of the holder may not stop or park the specified vehicle on a public road in a manner that:

34. That there is at all times a fully stocked first aid kit in the vehicle as well as a fire extinguisher.

  - connived at or knowingly permitted the act or omission concerned; or

number of this face value document is..... This duplicate document must be kept in a safe place by the operator (not in the vehicle) and cannot be used to provide any form of public transport service.

38. Where the original operating licence "marked for the vehicle" is lost or damaged, the holder must immediately apply for a duplicate operating licence. The duplicate original operating licence marked "for the file" may however be used by the operator during court cases to show that the vehicle is linked to a valid operating licence.
39. Where the duplicate original operating licence marked "for the file" is used to provide a public transport service with a vehicle not specified therein (different registration, chassis or engine number), the operating licence may be withdrawn using the provisions of section 79 of the National Land Transport Act (Act no.5 of 2009). In the event of the operating licence being withdrawn by the PRE, the operator will have to surrender both original operating licences as well as distinguishing marks relating to the service.
40. Where the vehicle linked to the operating licence was registered in another province, such a vehicle must be registered in the Western Cape Province for as long as the operating licence is valid. This must be done within 3 months of the date of issue of the operating licence. (Bar cases for applications made for additional authority; renewal or transfers where the existing vehicle will still be used).
41. The holder of this operating licence must be compliant with the requirements of South African Revenue Services for the validity period of the operating licence. This effectively means that holder must have a valid tax clearance certificate for the validity period of the operating licence. Where the tax clearance certificate expires and the holder applies for the renewal/new tax clearance certificate, the original must be submitted to the PRE (within 7 days after expiry). No further transactions on any operating licence will be allowed if there is no valid tax clearance certificate on file.
42. The holder of the operating licence must register the driver(s) of the vehicle specified in this operating licence with the Office of the Provincial Transport Registrar. A copy of the driver's Identification document, Professional Drivers Permit and drivers licence must also be submitted to the Office of the Registrar together with a copy of the operating licence as part of the registration process. 44. Where there is a Taxi Recapitalisation (TRP) compliant vehicle linked to an operating licence, the holder will not be allowed to replace that vehicle with a vehicle that is not TRP5 compliant.
45. The vehicle identified in this operating licence must be registered in the name of the operating licence holder. (delete either 43 or 44)
46. The vehicle in this operating licence is registered to ..... in terms of a lease agreement for a period of ..... This operating licence will be suspended if the lease agreement is terminated. The operating licence holder will be given a maximum of 180 days to procure a new vehicle, failing which a section 78 inquiry will be called in order for the holder to explain why the service authorised by the operating licence has not been provided.

#### **Generic conditions relating to late renewals**

This operating licence is issued in place of a lapsed operating licence (late renewal – Insert OL Number). This operating licence is a continuation of the lapsed operating licence.

#### **B. MINIBUS-TAXI TYPE SERVICE SPECIFIC CONDITIONS**

1. That the vehicle linked to the operating licence, whilst in a public transport facility is operated in accordance with the management practices and or regulations that the municipality has put in place at the facility.
2. That the operator at all times adheres to the Code of Conduct and Minimum Standard Constitution promulgated in

terms of the Western Cape Road Transportation Act, Amendment Law (Act no.8 of 1996).

3. That passengers are not picked up at any other minibus-taxi facility other than those specified in the operating licence.
4. That the operator only provides minibus-taxi type services on the route(s) authorized by the operating licence.
5. That the operator only displays the logo of the association he or she is registered with.
6. The operating licence may be withdrawn in the event of the operator resigning from the association who provided the support letter for the granting of the application.
7. In the event of the operator being deregistered by the Office of the Provincial Transport Registrar, the operating licence may be withdrawn.

**Generic conditions in respect of scrapping (if applicable):**

This operating licence is issued in place of a lapsed operating licence (insert lapsed OL number) and is essentially a continuation of the lapsed operating licence. The operator has already participated in the Taxi Recapitalisation Project with the lapsed operating licence and he or she may not apply for scrapping with this replacement operating licence and must uplift the operating licence with a TRP 5 compliant vehicle.

The following condition is imposed on the operating licence in cases where the operator has scrapped an old taxi vehicle (and the scrapping allowance has been paid) and replaced it with a TRP 5 compliant vehicle:

This operating licence has already been used for scrapping/recapitalisation and a second application for scrapping may not be made with this operating licence.

**Conditions relating to amaphela services only:**

1. The holder of this operating licence will comply with any instructions issued by the Department of Transport and Public Works or relevant municipality in respect of vehicle branding and livery.
2. The holder of the operating licence will ensure that the uniform fare structure as determined by his or her association is adhered to at all times. No fare may be negotiated between the driver and the passenger. The fare structure must be clearly displayed inside the vehicle.
3. The vehicle specified in this operating licence must meet the requirements of the Department of Transport and Public Works as per the Standard Operating Procedures Manual.

**C. LONG DISTANCE BUS AND MINIBUS-TAXI CONDITIONS**

**Conditions applicable to both bus and minibus-taxi long distance services**

1. A passenger list showing the name and address of the passenger as well as the name and contact details of a person that can be contacted in the unlikely event of an accident, be kept on file by the operator. A copy of this list must be kept in the vehicle.
2. All luggage must be properly labelled with the name of the passenger whether such luggage is kept in the vehicle or in a separate trailer. The driver of the vehicle will be held responsible for any luggage that is not properly labelled in the event of illegal goods/contraband being discovered in such unmarked luggage during search operations.
3. That no additional fuel tank is kept inside or affixed to the vehicle or the trailer and no additional fuel be kept in

the vehicle in excess of the capacity of the normal tank.

4. That the vehicle linked to the operating licence, whilst in a public transport facility is operated in accordance with the management practices and or regulations that the municipality or Property Managers / owners has put in place at the facility.
5. That on the forward journey, no passengers are picked up after the vehicle leaves the loading point (rank at origin point of journey), bar cases where other pick-up points are specified in the operating licence.
6. That on the return journey no passengers are loaded once the vehicle leaves the loading point specified in the operating licence (B-point), bar cases where other pick up points are specified in the operating licence.
7. This long distance operating licence does not authorise the holder to provide commuter / public transport services within the boundaries of a particular municipality (local routes). This effectively means that a passenger may not be picked up or set down in the same municipal area under the authority of this long distance operating licence. The full route must be traversed and not only part of the route.
8. The word "via" means that the vehicle may pass through the specified town / area and does not allow the operator to load or set down passengers in the town / area, bar cases where the operating licence explicitly stipulates that passengers may be picked up or set down at a particular rank.

**Only applicable to the City of Cape Town municipal area**

9. The City of Cape Town's Integrated Transport Plan (ITP) does not provide for dedicated long distance minibus-taxi type services. Given this, the municipality in terms of its ITP has authorised the use of the same vehicle for both local and long distance services as per section 65 of the National Land Transport Act (Act no.5 of 2009). Where all the local routes authorised by this operating licence are expropriated by the Municipality as part of the Integrated Rapid Transit/Integrated Public Transport Network Project, the entire licence will be cancelled by the Regulatory Entity without paying compensation to the holder for damages suffered as a result of such cancellation)(**City of Cape Town only**).

**Conditions applicable to long distance minibus-taxi services only**

10. That the operator at all times adheres to the Code of Conduct and Minimum Standard Constitution for minibus taxis as specified by the Office of the Provincial Transport Registrar.
11. That the operator only displays the logo of the association he or she is registered with.
12. The operating licence may be withdrawn in the event of the operator resigning from the association who provided the support letter for the granting of the application, bar cases where the operator is currently registered as a non-member.
13. In the event of the operator being deregistered by the Office of the Provincial Transport Registrar, the operating licence may be withdrawn.

**Please don't insert minibus-taxi-specific long distance conditions where the operating licence also authorises local minibus-taxi type services.**

**D. CHARTER CONDITIONS**

1. A charter operating licence/authority may not be used to provide any other form of public transport service, including but not limited to:
  - Minibus-taxi type services
  - Staff services
  - Metered taxi services
  - Scholar services
  - Tourist services
  - Contracted services
  - Long distance services

The only exception to this rule is where the operating licence also authorises the holder to provide other public transport services in addition to the charter authority.

2. The holder of this operating licence is authorised to transport groups of persons with a common interest or purpose to a particular destination (the same place)(previously known as the transportation of organised parties). In other words it should be a homogeneous group, which could for example be members of a church or community organisation going to a wedding, funeral, conference, etc. The group must hire the vehicle and driver and can determine the route, date and time of departure.
3. Passengers may not be charged fares individually by either the driver or the operator and fares must be arranged beforehand.
4. The holder may not solicit passenger trips by requesting passengers to put their names and contact details on a waiting list. This does not constitute a group with a common interest or purpose and this practice is not allowed in terms of this operating licence. Law enforcement officers should prohibit the random conglomeration (grouping) of people to load a particular vehicle. This will result in a heterogeneous group (people that are randomly grouped together without a common purpose) that will more than likely disembark at different places. The NLTA explicitly stipulates that passengers must go to a common (same) destination.
5. The holder of this operating licence must keep a detailed logbook showing the names and contact details of the client, time of departure, destination, trip purpose and arrival time. This logbook must be submitted to the Provincial Regulatory Entity every six months and where the holder applies for the renewal of the operating licence. Such a logbook must also be presented to the PRE and Law Enforcement Officers on request.
6. The vehicle specified in this operating licence may not pick up passengers outside of the provincial area specified in this operating licence (This is not applicable to operating licences authorising services in the Republic of South Africa).
7. Where a charter authority is issued, the holder must ensure that the passenger list is kept in the vehicle, bar weddings, funerals and sporting trips where it is impossible to determine who will make use of the service.
8. No municipal ranks or bus terminals to be visited.
9. Charter operating licences cannot be used to form a minibus-taxi association or to apply for membership of a minibus-taxi association. Holders of charter licences cannot affiliate to a minibus-taxi association unless the operator also holds a valid operating licence(s) to provide minibus-taxi type services on the route or routes served by the association.
10. All luggage must be properly labelled with the name of the passenger whether such luggage is kept in the vehicle or in a separate trailer. The driver of the vehicle will be held responsible for any luggage that is not properly labelled in the event of illegal goods/contraband being discovered in such unmarked luggage during search operations.

**E. STAFF CONDITIONS**

1. Where the operating licence authorises more than one type of public transport service as per section 50(2) of the NLTA i.e. minibus-taxi and staff services, the operator may not load passengers forming part of another passenger category (i.e. minibus-taxi passengers) whilst undertaking the staff service.
2. The operating licence is only issued for the validity period of the contract and where the contract is terminated prematurely, the operating licence will automatically be withdrawn using the provisions of section 79 of the NLTA.

3. The operating licence will only be renewed if a new contract is awarded to the operator to provide the same service. Similarly, the operating licence will not be transferred in terms of section 58 of the NLTA unless the transferee submits a contract between himself / herself and the specified company.
4. The service may not be provided outside of the hours specified in the operating licence and in areas not specified in the operating licence.
5. Employees of companies other than those mentioned in the operating licence may not be transported under the authority of this operating licence.
6. A passenger list printed on the company letterhead (company whose employees are being transported) must be kept in the vehicle. This passenger list must show the names, residential addresses (including street names) and contact details of each passenger as well as the contact number of the company representative.

#### **F. GENERAL SCHOLAR TRANSPORT CONDITIONS**

1. The holder of the operating licence may transport learners (and parents where allowed by the school), and teachers to destinations anywhere in the Western Cape for purposes of excursions, sporting trips, educational trips, sightseeing trips and other recreational trips arranged by the school. In such cases a letter from the school must be kept in the vehicle authorising such trips. The letter must also contain the names of all passengers and the purpose of the trip. Note that operators providing scholar services are exempted from the requirement of an operating licence for any non-daily (intermittent) trips involving scholars (section 53 of the National Land Transport Act (Act 5 of 2009)).
