5. Conditions for the issuing of export permits

- 5.1 Permits for the products specified in the Table, will be allocated on the basis of the Preferential Market Access Permit Allocation System which takes into account the following variables:
 - (a) The BBBEE status of applicants- obtainable from a valid BEE certificate issued by an accredited verification agency;
 - (b) The market share of applicants- derived from historical export data for the past three years (2014, 2015, 2016);
 - (c) Quota applied for by applicants;
 - (d) Number of applicants; and
 - (e) The total quota available for the specific product.
- 5.2 A valid SARS Tax Clearance Certificate is compulsory to all applicants/clients applying for preferential market access permits. Failure to submit a valid Tax Clearance Certificate will lead to disqualification.
- 5.3 The quantity exported by an exporter will be calculated on the basis of a detailed list of bills of entry for the product concerned submitted together with the application form, for the period stipulated for the product in column 4 of the Table 1/ Export arrangements set out per EU tariff code line.
- 5.4 The quotas allocated to exporters will be provisional. The Department will assess the utilization rate during the quota year after which there will be a re-allocation. The communique regarding the reallocation will be posted on wineonline system homepage. Applicants will be expected to provide proof of orders from their clients as evidence in order to avoid deduction in their allocated quota. No new applications will be accepted during this period.
- 5.5 Despite any provisions in other laws, applicants registered as joint ventures, mergers, consortiums, holding companies or other similar business arrangements are not allowed to apply separately from their subsidiaries, minority shareholders or divisions for the same product, as this will create an unfair advantage towards other applicants.
- 5.6 If the market share for a particular applicant exceeds the limit for dominant firms, contemplated in section 7(a)-(c) of the Competition Act, Act 89 of 1998 as amended; the Department can adjust the allocation formula to create fair competition within that industry or sector.
- 5.7 Where a permit has been lost by the permit holder either in his/her possession or during the clearing process, such permit holder must request a replacement permit from the department. The replacement permit will only be issued by the Department upon receipt of proof of payment of the replacement permit fee.
- 5.8 A lost permit will only be replaced if an affidavit in this regard has been submitted and the Department is satisfied that the applicant acted in good faith and took the necessary steps to recover the original permit, as well as undertake to return the original permit if it is found. This includes permits lost due to incorrect information on the application form that requires the re-issuing of a permit. The pro forma of the affidavit is electronically available on the following websites: www.daff.gov.za, http://webapps.daff.gov.za/amis,

www.wosa.co.za and www.safvca.co.za or on request from KhumoB@daff.gov.za or SisiC@daff.gov.za and SceloM@daff.gov.za.

- 5.9 The replacement of a permit due to changes of the name, custom code or address as a result of mergers, business arrangements, or any other reason, will require a repayment of the permit fee.

4. Conditions for the issuing of import permits

- 4.1 Permits for the products specified in the Table, will be allocated on the basis of the Preferential Market Access Permit Allocation Points System which takes into account the following variables:
 - (a) the BBBEE status of applicants obtained from a BBBEE certificate issued by an accredited verifications agency
 - (b) the market share of applicants- derived from historical data for the past three years (2014, 2015, 2016);
 - (c) quota applied for by applicants;
 - (d) number of applicants; and
 - (e) the quota available.
- 4.2 A valid SARS Tax Clearance Certificate is compulsory to all applicants/clients applying for preferential market access permits. Failure to submit a valid Tax Clearance Certificate will lead to disqualification.
- 4.3 Companies with similar directors/owners will not be allowed to apply separately; only one application will be accepted.

- 4.5 Applicants are required to attach SARS Power of Attorney letter. This will enable DAFF to collect information from SARS (quantity imported/bills of entry) for audit purposes.
- 4.6 Products imported under the market access rebate permits are for consumption in South Africa only. If the market share for a particular applicant exceeds the limit for dominant firms contemplated in section 7(a)-(c) of the Competition Act, Act 89 of 1998 as amended. The Department can adjust the allocation formula to create fair competition within that industry or sector.
- 4.7 Despite any provisions in other laws, applicants registered as joint ventures, mergers, consortiums, holding companies or other similar business arrangements are not allowed to apply separately from their subsidiaries, minority shareholders or divisions for the same product, as this will establish an unfair advantage towards other applicants.

- 4.8 A lost permit will only be replaced if an affidavit in this regard has been submitted and the Department is satisfied that the applicant acted in good faith and took the necessary steps to recover the original permit, as well as undertake to return the original permit if it is found. This includes permits lost due to incorrect information on the application form that requires the re-issuing of a permit.
- 4.9 The replacement of a permit due to changes of the name, custom code or address as a result of mergers, business arrangements, or any other reason, will require a repayment of the permit fee.
- 4.10 The provisions of the allocation shall apply subject to the conditions specified in the Table, attached to the Notice.
