### 1.1 DEFINITIONS

<b>Development of a language</b>	The promotion of a language by graphisation, standardisation and elaboration of functions so that the language can be used in the media, education, legal and administrative systems, etc.; and by generally providing scope for the publication of literary works in that language.
<b>Employee</b>	<p>a. Any person other than an independent contractor who works for another person or for the State and who receives, or is entitled to receive, any remuneration; and</p> <p>b. In any manner assists in carrying on or conducting the business of an employee.</p>
<b>Historically disadvantaged languages</b>	In the South African context, these are the languages that were assigned low status by previous regime and as a result were not used in the media, education (after early primary school), or in public or economically significant domains. Little support was also given to the development of verbal art forms in these languages. They included indigenous languages, heritage languages and SASL.
<b>Head Office</b>	The National Head Office of the Department
<b>Indigenous language</b>	A language native to a country.
<b>Interpreting</b>	The act of transposing an utterance from the source language into a target language in spoken form.
<b>Language awareness</b>	Sensitivity to how language is used in society, whether the users are accorded their language rights, and how language is used to empower or disempower or are centralised or marginalised in the public domain.
<b>Language equity</b>	The fairness of language provision and/or treatment of two or more languages. Matters such as the number of speakers and the status of a language may require policy to determine the domains of use of a particular language. This use may not be necessarily equal.
<b>Language policy</b>	An official decision/decreed on how various languages spoken in heterogeneous/multilingual communities should be used in the public domain.
<b>Language rights</b>	Laws which allow citizens to use the languages of their choice.
<b>Language units</b>	A function in the department and provinces which deal with specific language issues of that department and/or province arising from the National Language Unit and which liaise with other departments on language matters especially through the National Language Forum (NLF).
<b>Sign language</b>	A sign language (also signed language) is a language which, instead of acoustically conveyed sound patterns, uses manual communication and body language to convey meaning. This can involve simultaneously combining hand shapes, orientation and movement of the hands, arms or body, and facial expressions to fluidly express a speaker's thoughts.

<b>Marginalised language</b>	Any official language that is excluded from official use or the use of which is discouraged in formal settings (e.g. education, health care). "Marginalised" usually implies the low status of the language and possibly the speakers. For example, Xitsonga, Tshivenda, isiNdebele, and siSwati are regarded as marginalised languages in South Africa.
<b>Multilingualism</b>	The use of three or more languages by an individual or by a group of speakers such as the inhabitants of a particular region or nation.
<b>Official Language</b>	A language used in government, courts of law, education, business, and the media.

## 2. LEGISLATIVE FRAMEWORKS

The Constitution of the Republic of South Africa, (Act No.108 of 1996)  
The Use of Official Languages Act, (Act No. 12 of 2012)  
Regulations in terms of section 13 of the Use of Official Languages Act (Act No. 12 of 2012)  
The Promotion of Access to Information Act (Act No. 2 of 2000)  
The Pan South African Language Board Act (Act No. 59 of 1995)

### 3. PURPOSE

The purposes of developing a language policy are to ensure that DPW provides effective service delivery to the citizens of South Africa through meaningful access to its services and promotes knowledge of, respect and use of the formerly marginalised official languages of the country.

The Department of Public Works (DPW) has developed a Language Policy to promote historically disadvantaged languages as well as to:

- 3.1 Promote the equitable use of the 11 official languages
- 3.2 Facilitate equitable access to the DPW's services, knowledge and information by its clients;
- 3.3 Ensure redress for the previously marginalised official indigenous languages;
- 3.4 Promote good language management for efficient service delivery to meet client expectations and needs; and
- 3.5 Promote the practice of language rights, indigenous language equity and language awareness.

The policy would enable DPW to expedite access to government communications and information and fast track service delivery to internal and external clients.

### 4. BACKGROUND

Pre-1994, DPW used only English and Afrikaans as official languages of communication. Post-1994 elections, the multilingual character of South Africa recognised official eleven languages. They were isiNdebele, isiXhosa, isiZulu and siSwati (*referred to as the Nguni language group*); Sesotho, Sepedi and Setswana (*referred to as the Sotho language group*); Tshivenda, Xitsonga, English and Afrikaans. Furthermore, Section 6 of the Constitution of the Republic of South Africa, 1996 provides for 11 official languages and requires the State to take practical and positive measures to elevate the status and advance the use of indigenous languages. The Constitution further requires all official languages to enjoy parity of esteem and treated equitably.

The Use of Official Languages Act (Act No. 12 of 2012) gives impetus to this section and requires National Government Departments, National Public Entities and National Public Enterprises to develop and adopt departmental language policies to give expression to the recognition of 11 official languages and promote linguistic diversity in post-apartheid South Africa.

### 5. PROBLEM STATEMENT

DPW is a National Department that has eleven regional offices. The clientele of the DPW constitutes of diverse, multilingual societies. It is important that respect for language rights and broad acceptance of linguistic diversity should be encouraged to build a united DPW.

## 6. SCOPE OF APPLICATIONS

This policy applies to all DPW National and Regional offices, all its (DPW) employees and members of the public who interact with the Department.

## 7. NATURE OF DPW

DPW is the custodian of the state built environment, state immovable asset portfolio and a driver of the national goal of job creation and poverty alleviation through the Expanded Public Works Programme (EPWP).

## 8. USAGE

### 8.1 Gradual implementation of the policy

The application of the language policy must be phased in on a quarterly basis: first in the national office and then in the regional offices.

### 8.2 OFFICIAL LANGUAGES

The adopted official languages of the DPW are **isiZulu, Sepedi and English**. This choice is guided by the regulations of the use of official languages and the results of the 2011 Census.

**8.2.1 Working Language for Internal Communication:** English will be used as the main language of correspondence within the department especially in Department budgeting, tenders and strategic planning.

**8.2.2 Working Language for External Communication:** English will be used as a language of communication between the Regional Offices and the Head Office. At regional level, the choice of working language should be informed by the languages of the said province. Careful consideration should be given to use at least **three dominant languages of the province**.

**8.2.3 Oral Communication:** External oral communication of the Ministry, the Director-General (DG) and senior officials must be in English or the language of the target audience. If the Minister or a DPW official cannot speak the language of the target audience, an interpreter must be provided. South African Sign Language (SASL) should be considered provided practicality and expense do permit it. It should be noted that where required, provision will be made to assist deaf and blind people to do business with the DPW in a way that accommodates their needs.

**8.2.4 Written Communication:** It will be in the adopted languages and where necessary in all official languages depending on the need.

---

Language Policy

**8.2.5** In cases where the departmental documents may not be made available in all 11 official languages, the Department will make documents available simultaneously in at least six languages. The selection criteria of language shall be as follows:

- At least one from the Nguni group (isiNdebele, isiXhosa, isiZulu and siSwati);
- At least one from the Sotho group (Sepedi, Sesotho and Setswana);
- Tshivenda;
- Xitsonga;
- English; and
- Afrikaans.

A principle of rotation should be applied when selecting languages for publishing within the Nguni and Sotho groups respectively and the Language Unit should determine such rotation.

**8.2.6** External written communication and correspondence with individual citizens will be conducted in their preferred official language.

**8.2.7** Languages for external communications as regards forms, brochures, letterheads, public notices, signage, etc. in all DPW buildings should take into account regional language preferences. (This includes emergency signage).

The DPW must make documents targeted for specific regions in three languages dominant in the areas.

### **8.3 Publications**

**8.3.1** All publications will be published in plain language versions of all languages as required. It is important that the publication, whether electronic or in print, must be accessible and understood to all those addressed.

**8.3.2** Where practically possible, policy documents can be made available in all official languages or on request.

**8.3.2.1 Language of Response: When dealing with correspondence, the DPW personnel should respond in the same language used by the public.**

### **8.4 Advertising and official notices**

**8.4.1** All official notices issued by the Department as general public information must be in English. Other language requirements will be met on request.

**8.4.2** When the Department uses local newspapers, consideration must be given to the demographic status. Advertisements in newspapers must be in the languages of the newspaper of a particular region. Depending on financial availability and practicality, they can also be placed in the language of choice of the target group.

### **8.5 Translations**

**8.5.1** On request, and where practically possible, major DPW policy documents such as manuals, white papers, etc. can be made available in any international language. When a request is made for a document to be made available in an international language, a reasonable time must be allowed for the translation to such international language.

- 8.5.2 Translations of official policy documents, where practically possible, must be made available in all official languages, depending on client needs. Where it is not possible, the six-language model will apply.
- 8.5.3 Request for translations of official policy document must be done in writing and ample time should be given for translation purposes.

## 9. LANGUAGE UNIT

The Department shall ensure that adequate financial and other relevant resources are made available to establish the DPW Language Unit to support and realize the policy.

## 10. ACCESSING THE POLICY

The policy shall be available in all official languages on request and must be published on the DPW intranet and website. Printed summaries must be available in all official languages and distributed to regions based on the criteria of selected Provincial languages.

## 11. COMPLAINT MECHANISM

Any person who is dissatisfied with a decision of the Department regarding its use of official languages may lodge a complaint in any of the 11 official languages and address it to the Director General. If submitted electronically, the complaint must be transmitted to: [languageunit@dpw.gov.za](mailto:languageunit@dpw.gov.za) or if submitted in hard copy format delivery can either be by hand to the Departments street address or mailed by registered post to the department's postal address which is: **Private Bag x 65 Pretoria 0001.**

The complaint must:

- Be in writing and lodged within 1 months of the complaint arising
- State the name, address and contact information of the complainant
- Provide a full and detailed description of the complaints.

## 12. MONITORING AND REVIEW OF THE POLICY

The policy will be constantly monitored and reviewed whenever necessary. This should happen at least once every three (3) years.

## 13. APPROVAL OF THE POLICY

The Director-General hereby approves the DPW Language Policy that serves to give effect to the Use of Official Languages Act, 2012 (Act No.12 of 2012). It comes into effect from date of the DG's signature.

**SOUTH AFRICAN LAND COVER CLASSES AND DEFINITIONS APPROVED IN TERMS OF SPATIAL DATA INFRASTRUCTURE ACT NO 54, 2003**

## ABSTRACT

The South African user needs survey of land cover classes and definitions conducted in May- June 2016 concluded on the classes and definitions listed in this document. The demand to have a standardised and compatible the land cover data sets it's important for the mapping and monitoring wide areas in a consistent manner. These classes are developed in a hierarchical structure because it offers the consistency and accommodates different levels of information depending on the scale of mapping and the source data used for mapping. The structure has 4 levels and can be defined as higher to lower level. The higher levels are defined as analytical criteria and at the lower levels the analytical criteria increases. Class criteria are not repeated per level. Level 4 is a class measure which is based on the source data to be used during mapping, it also dependent on the scale of mapping. Those class measures that have not identified measure, the end use can

identify them based on the user's requirement. Classes and definitions are important in order to develop sustainable land cover mapping, a harmonised collection of data at any scale. This means that any land cover data identified anywhere in South Africa is readily accommodated in this structure of classes and definitions.

The definitions of classes considered all South African legislation affected in order to have the same meaning of class.

								Temporary unplanted: Plantation areas that were clear-felled and have not been replanted yet. Currently denuded of plantation trees but the intent exists that it will be re-forested in future. One has to keep this as a separate class because: • this class indicates timber harvesting • there can theoretically be transition to a new species or other type of land cover • there is no species current - one would only be able to identify a species retrospectively (i.e. previous images).

5	<b>Wetlands</b>	Natural or artificial areas where the water level is permanently or temporarily at (or very near) the land surface, typically covered in either herbaceous or woody vegetation cover. The category includes fresh, brackish, salt-water conditions and floating vegetation but excludes areas with only occasional flooding. Examples include reed-marsh or papyrus-swamp.	5.1	<b>Herbaceous wetlands</b>	These are wetlands covered in permanent or seasonal herbaceous vegetation, whose boundary is mapped on the bases of observable surface vegetation patterns.	5.1.1	<b>Rooted</b>	Rooted herbaceous wetland thrive in waterlogged soils and produce extensive root systems. These includes plants such as typha domingensis.	
						5.1.2	<b>Non-rooted (floating vegetation)</b>	The non-rooted or floating herbaceous wetland includes floating vegetation such as grass meadows.

(excluding features such as agricultural fields with no crop cover, and mining activities and built-up), where the substrate or soil exposure is clearly apparent.	6.1	<b>Consolidated</b>	Natural areas of exposed rock or permanently dry-pans (or hard-pans) associated with a surface crust. Agricultural fields with no crop cover, and open cast mines and quarries are excluded. 7	<b>Cultivated</b>	Cultivated lands are areas where the natural vegetation has been removed and replaced by a different type of vegetative cover either on an annual or perennial basis through human intervention and seasonal modification with the intent to harvest. The surface may be temporarily without vegetative cover.	7.1	<b>Permanent crops</b>	Lands cultivated with crops that occupy the area for periods longer than two growth seasons and are not replanted after harvest. Replantation can however occur after the lifespan of the specific crop. Examples would include tea plantations, vineyards, sugarcane and citrus orchards, hops and nuts.	7.1.1	<b>Irrigated</b>	This refers to production practices that mostly rely on additional water sources during the growth period of the crop. This additional water can be from any water source (borehole, dams, rivers etc.) and applied to the crop through various irrigation mechanisms (pivot, drip, drag line etc.).

**Short title and commencement**

13. This Act is called the Transport Appeal Tribunal Amendment Act, 2017.

**MEMORANDUM ON THE OBJECTS OF THE TRANSPORT APPEAL TRIBUNAL AMENDMENT BILL, 2017****1. BACKGROUND AND PURPOSE**

The Transport Appeal Tribunal Act, 1998 (Act No. 39 of 1998) ("the principal Act") was passed in 1998 to create the Transport Appeal Tribunal (TAT) for the purpose of dealing with appeals relating to applications for road carrier permits (now called operating licences). Prior to the establishment of the TAT the National Transport Commission was responsible for dealing with such appeals.

The National Land Transport Transition Act 22 of 2000 (Transition Act) read with the Transport Appeal Matters Amendment Act 70 of 1998 provided that persons who applied to the Regulatory Committee of the Cross-Border Road Transport Agency (CBRTA) or to an operating licensing board for an operating licence, and were aggrieved by the decision of the Regulatory Committee or board, could appeal to the TAT.

Section 128 of the Transition Act provided that provinces could establish their own provincial appeal bodies to hear appeals in respect of operating licence applications. These provincial appeal bodies would replace the TAT in the relevant province. A few provinces did establish such provincial appeal bodies.

In 2007 the then Minister commissioned the *National Land Transport Strategy for the Drafting of the National Land Transport Bill*. This Strategy recommended the following:

- "A new national regulatory entity should be established. It should deal with all long-distance and tourist service operating licence (OL) applications, and perform an oversight role over the regulatory entities in other spheres and serve as their appeal body. (Alternatively this could be done by the Transport Appeal Tribunal.) It should develop standardised nationally-applicable procedures for the processing of all OL applications and decisions. These procedures should be gazetted as regulations to the new Act and will be binding on the regulatory entities in other spheres.
- The Transport Appeal Tribunal (TAT) should be retained as an appeal body for decisions made by the national regulatory entity."

In the process of drafting the National Land Transport Act 5 of 2009 (NLTA) it was decided—

- a) to establish the National Public Transport Regulator (NPTR) as a national body to deal with operating licences for interprovincial and tourist transport, among other functions;
- b) that the TAT should be retained as the appeal body for all appeals, and
- c) that the provincial appeal bodies should be dis-established.

These matters are provided for in the NLTA. In terms of the NLTA, the TAT must hear appeals from the following, which are collectively called regulatory entities:

- a) The NPTR – appeals relating to operating licences for interprovincial and tourist transport services. The NPTR started operating on 29 July 2016, and is at present only dealing with licences for tourist transport services as well as applications for accreditation of tourist transport operators. Its other functions will be phased in over time.
- b) The Provincial Regulatory Entities (PREs).
- c) Municipal Regulatory Entities (MREs). To date no MREs have been established, but some cities have applied to establish them.

Since its establishment the TAT has encountered a number of problems and issues, which require amendments to the principal Act. The principal Act also requires to be updated in respect of developments since 1998. These problems and issues are addressed in the Bill and are elaborated in the Clause-by-Clause Analysis in 2 below.

## **2. CLAUSE-BY-CLAUSE ANALYSIS**

### **2.1 Clause 1: Substitution of Long Title of Act 39 of 1998**

Clause 1 will replace the Long Title of the principal Act to give effect to developments since the passing of the Act in 1998.

### **2.2 Clause 2: Amendment of section 1 of Act 39 of 1998**

Clause 2 deletes, substitutes and adds certain definitions. Redundant definitions of “board”, “interprovincial transport” and “national land transport legislation” are deleted. The concept of “board” has been replaced by “regulatory entity” in the NLTA. The term “interprovincial transport” was only relevant to provincial appeal bodies, which no longer exist. The term “national land transport legislation” was included in the Act because such legislation had not yet been enacted in 1998. The term is replaced by a reference to the NLTA.

A new definition of “act, direction or decision” is inserted to clarify and expand upon the acts, directions and decisions which are subject to appeal by the TAT, to address doubts expressed about this in the past. The TAT will also be empowered to hear appeals against administrative actions by a regulatory entity or the Regulatory Committee of the CBRTA that are subject to judicial review in terms of section 6(2) of the Promotion of Administrative Justice Act, 2000 (Act No. 3 of 2000).

A new definition of “Cross-Border Act” is inserted to make it easier to read the principal Act and to standardise with the same definition in the NLTA.

A new definition of “National Land Transport Act” is inserted to replace the general reference to land transport legislation.

A new definition of “regulatory entity” is inserted to standardise with the NLTA.

**2.3 Clause 3: Amendment of section 4 of Act 39 of 1998**

The principal Act provides that the Minister must consult with the nine provincial MECs before appointing TAT members. This has proved to be unworkable and unnecessary, and clause 3(a) of the Bill will remove this requirement.

Also, the Act does not provide for the appointment of members with expertise in public transport matters, which will be cured by clause 3(b) of the Bill.

**2.4 Clause 4: Amendment of section 7 of Act 39 of 1998**

In terms of the principal Act, TAT members must be appointed for a fixed term of office, but not for longer than three years. It sometimes happens that it would be expedient for the terms of office of individual members to be extended, for example to enable them to deal with matters that are partly completed because of their knowledge of or insight into a matter. Clause 4 of the Bill will allow the Minister to extend the period of office of any member for a period not exceeding one year.

**2.5 Clause 5: Amendment of section 9 of Act 39 of 1998**

It is important for the TAT when fixing dates and times for hearings, to consult with the Director-General of the Department (DG) so that the necessary administrative arrangements can be put in place timeously subject to budgetary considerations. Clause 5 of the Amendment Bill will require the TAT to consult the DG before fixing such dates and times.

**2.6 Clause 6: Amendment of section 11 of Act 39 of 1998**

This clause makes consequential amendments to section 11 of the principal Act.

**2.7 Clause 7: Amendment of section 12 of Act 39 of 1998**

This clause makes consequential amendments and improvements to section 12 of the principal Act as well as the following:

Sometimes when the TAT takes a decision imposing duties on parties, such as a regulatory entity, it is advisable for the TAT to impose time limits for performing the duty to ensure implementation of the TAT's decision. Clause 7(d) of the Bill will empower the TAT to impose such time limits when it makes its decision known to the relevant parties.

It often happens that regulatory entities or the Regulatory Committee fail to implement or give effect to a ruling of the TAT within the time specified by the TAT, or within a reasonable time, or at all. Clause 7(e) of the Bill thus provides that the TAT may issue a directive to the regulatory entity or Regulatory Committee, as the case may be, describing the extent of its failure to comply with its obligations and stating the steps required to meet those obligations, and that such entity must comply with the directive within the time specified by the TAT. It also provides that when such a directive is issued, the TAT must notify the Minister, or relevant MEC, as the case may be, so that they can assist in assuring compliance with such directives.

**2.8 Clause 8: Amendment of section 13 of Act 39 of 1998**

This clause makes consequential amendments to section 13 of the principal Act.

**2.9 Clause 9: Amendment of section 14 of Act 39 of 1998**

It sometimes happens in proceedings before the TAT that parties deliberately delay the proceedings, for example where the TAT's decision is likely to have an adverse effect on the finances of the delaying party. Parties also sometimes engage in frivolous actions, either to cause delays or for other reasons. These actions not only waste the time of the TAT and cause wasted costs, but are also unfair to the other party or parties to the appeal. Clause 9(b) of the Bill will allow the TAT to investigate such delays or frivolous actions and take certain steps to counter them as listed in the Bill.

This clause also makes consequential amendments to section 14 of the principal Act.

**2.10 Clause 10: Amendment of section 16 of Act 39 of 1998**

The principal Act currently provides that the DG must appoint officers in the Department to perform the administrative and secretarial work of the TAT. Clause 10 of the Bill will also permit such staff to be appointed to undertake investigations that are necessary for the TAT to reach its decisions.

**2.11 Clause 11: Amendment of section 17 of Act 39 of 1998**

This clause makes consequential amendments to section 17 of the principal Act.

**2.12 Clause 12: Amendment of section 18 of Act 39 of 1998**

This clause updates section 18 of the principal Act to take account of developments since 1998 and effects consequential amendments.

**2.13 Clause 13: Short title**

Clause 13 provides the short title of the Bill.

**3. FINANCIAL IMPLICATIONS**

The Bill is not expected to have any additional financial implications either for Government or the public transport industry.

**4. PARLIAMENTARY PROCEDURE**

- 4.1 The Department is of the opinion that the Bill must be dealt with in accordance with the procedure established by section 76 of the Constitution (ordinary bills affecting provinces).
- 4.2 The Department is of the opinion that it is not necessary to refer the Bill to the National House of Traditional Leaders in terms of section 18(1)(a) of the Traditional Leadership and Governance Framework Act, 2003 (Act No. 41 of 2003) since it does not contain provisions pertaining to customary law or customs of traditional communities.
