EXTRAORDINARY GAZETTES

3. *Extraordinary Gazettes* can have only one publication date. If multiple publications of an *Extraordinary Gazette* are required, a separate Z95/Z95Prov *Adobe* Forms for each publication date must be submitted.

NOTICE SUBMISSION PROCESS

4. Download the latest *Adobe* form, for the relevant notice to be placed, from the **Government Printing Works** website www.gpwonline.co.za.
5. The *Adobe* form needs to be completed electronically using *Adobe Acrobat / Acrobat Reader*. Only electronically completed *Adobe* forms will be accepted. No printed, handwritten and/or scanned *Adobe* forms will be accepted.
6. The completed electronic *Adobe* form has to be submitted via email to submit.egazette@gpw.gov.za. The form needs to be submitted in its original electronic *Adobe* format to enable the system to extract the completed information from the form for placement in the publication.
7. Every notice submitted **must** be accompanied by an official **GPW** quotation. This must be obtained from the *eGazette* Contact Centre.
8. Each notice submission should be sent as a single email. The email **must** contain **all documentation relating to a particular notice submission**.
 - 8.1. Each of the following documents must be attached to the email as a separate attachment:
 - 8.1.1. An electronically completed *Adobe* form, specific to the type of notice that is to be placed.
 - 8.1.1.1. For *National Government Gazette* or *Provincial Gazette* notices, the notices must be accompanied by an electronic Z95 or Z95Prov *Adobe* form
 - 8.1.1.2. The notice content (body copy) **MUST** be a separate attachment.
 - 8.1.2. A copy of the official **Government Printing Works** quotation you received for your notice .
(Please see *Quotation* section below for further details)
 - 8.1.3. A valid and legible Proof of Payment / Purchase Order: **Government Printing Works** account customer must include a copy of their Purchase Order. **Non-Government Printing Works** account customer needs to submit the proof of payment for the notice
 - 8.1.4. Where separate notice content is applicable (Z95, Z95 Prov and TForm 3, it should **also** be attached as a separate attachment. (Please see the *Copy Section* below, for the specifications).
 - 8.1.5. Any additional notice information if applicable.
9. The electronic *Adobe* form will be taken as the primary source for the notice information to be published. Instructions that are on the email body or covering letter that contradicts the notice form content will not be considered. The information submitted on the electronic *Adobe* form will be published as-is.
10. To avoid duplicated publication of the same notice and double billing, Please submit your notice **ONLY ONCE**.
11. Notices brought to **GPW** by "walk-in" customers on electronic media can only be submitted in *Adobe* electronic form format. All "walk-in" customers with notices that are not on electronic *Adobe* forms will be routed to the Contact Centre where they will be assisted to complete the forms in the required format.
12. Should a customer submit a bulk submission of hard copy notices delivered by a messenger on behalf of any organisation e.g. newspaper publisher, the messenger will be referred back to the sender as the submission does not adhere to the submission rules.

GOVERNMENT PRINTING WORKS - BUSINESS RULES**QUOTATIONS**

13. Quotations are valid until the next tariff change.

13.1. **Take note:** GPW's annual tariff increase takes place on **1 April** therefore any quotations issued, accepted and submitted for publication up to **31 March** will keep the old tariff. For notices to be published from 1 April, a quotation must be obtained from **GPW** with the new tariffs. Where a tariff increase is implemented during the year, **GPW** endeavours to provide customers with 30 days' notice of such changes.

14. Each quotation has a unique number.

15. Form Content notices must be emailed to the eGazette Contact Centre for a quotation.

15.1. The *Adobe* form supplied is uploaded by the Contact Centre Agent and the system automatically calculates the cost of your notice based on the layout/format of the content supplied.

15.2. It is critical that these *Adobe* Forms are completed correctly and adhere to the guidelines as stipulated by **GPW**.

16. **APPLICABLE ONLY TO GPW ACCOUNT HOLDERS:**

16.1. **GPW** Account Customers must provide a valid **GPW** account number to obtain a quotation.

16.2. Accounts for **GPW** account customers **must** be active with sufficient credit to transact with **GPW** to submit notices.

16.2.1. If you are unsure about or need to resolve the status of your account, please contact the **GPW** Finance Department prior to submitting your notices. (If the account status is not resolved prior to submission of your notice, the notice will be failed during the process).

17. **APPLICABLE ONLY TO CASH CUSTOMERS:**

17.1. Cash customers doing **bulk payments** must use a **single email address** in order to use the **same proof of payment** for submitting multiple notices.

18. The responsibility lies with you, the customer, to ensure that the payment made for your notice(s) to be published is sufficient to cover the cost of the notice(s).

19. Each quotation will be associated with one proof of payment / purchase order / cash receipt.

19.1. This means that the quotation number can only be used once to make a payment.

- 24.2. Any notice submissions not on the correct *Adobe* electronic form, will be rejected.
- 24.3. Any notice submissions not accompanied by the proof of payment / purchase order will be rejected and the notice will not be processed.
- 24.4. Any submissions or re-submissions that miss the submission cut-off times will be rejected to the customer. The Notice needs to be re-submitted with a new publication date.

GOVERNMENT PRINTING WORKS - BUSINESS RULES**APPROVAL OF NOTICES**

25. Any notices other than legal notices are subject to the approval of the Government Printer, who may refuse acceptance or further publication of any notice.
26. No amendments will be accepted in respect to separate notice content that was sent with a Z95 or Z95Prov notice submissions. The copy of notice in layout format (previously known as proof-out) is only provided where requested, for Advertiser to see the notice in final Gazette layout. Should they find that the information submitted was incorrect, they should request for a notice cancellation and resubmit the corrected notice, subject to standard submission deadlines. The cancellation is also subject to the stages in the publishing process, i.e. If cancellation is received when production (printing process) has commenced, then the notice cannot be cancelled.

GOVERNMENT PRINTER INDEMNIFIED AGAINST LIABILITY

27. The Government Printer will assume no liability in respect of—
 - 27.1. any delay in the publication of a notice or publication of such notice on any date other than that stipulated by the advertiser;
 - 27.2. erroneous classification of a notice, or the placement of such notice in any section or under any heading other than the section or heading stipulated by the advertiser;
 - 27.3. any editing, revision, omission, typographical errors or errors resulting from faint or indistinct copy.

LIABILITY OF ADVERTISER

28. Advertisers will be held liable for any compensation and costs arising from any action which may be instituted against the Government Printer in consequence of the publication of any notice.

CUSTOMER INQUIRIES

Many of our customers request immediate feedback/confirmation of notice placement in the gazette from our Contact Centre once they have submitted their notice – While **GPW** deems it one of their highest priorities and responsibilities to provide customers with this requested feedback and the best service at all times, we are only able to do so once we have started processing your notice submission.

GPW has a 2-working day turnaround time for processing notices received according to the business rules and deadline submissions.

Please keep this in mind when making inquiries about your notice submission at the Contact Centre.

29. Requests for information, quotations and inquiries must be sent to the Contact Centre ONLY.
30. Requests for Quotations (RFQs) should be received by the Contact Centre at least **2 working days** before the submission deadline for that specific publication.

GOVERNMENT PRINTING WORKS - BUSINESS RULES

PAYMENT OF COST

31. The Request for Quotation for placement of the notice should be sent to the Gazette Contact Centre as indicated above, prior to submission of notice for advertising.
32. Payment should then be made, or Purchase Order prepared based on the received quotation, prior to the submission of the notice for advertising as these documents i.e. proof of payment or Purchase order will be required as part of the notice submission, as indicated earlier.
33. Every proof of payment must have a valid **GPW** quotation number as a reference on the proof of payment document.
34. Where there is any doubt about the cost of publication of a notice, and in the case of copy, an enquiry, accompanied by the relevant copy, should be addressed to the Gazette Contact Centre, **Government Printing Works**, Private Bag X85, Pretoria, 0001 email: info.egazette@gpw.gov.za before publication.
35. Overpayment resulting from miscalculation on the part of the advertiser of the cost of publication of a notice will not be refunded, unless the advertiser furnishes adequate reasons why such miscalculation occurred. In the event of underpayments, the difference will be recovered from the advertiser, and future notice(s) will not be published until such time as the full cost of such publication has been duly paid in cash or electronic funds transfer into the **Government Printing Works** banking account.
36. In the event of a notice being cancelled, a refund will be made only if no cost regarding the placing of the notice has been incurred by the **Government Printing Works**.
37. The **Government Printing Works** reserves the right to levy an additional charge in cases where notices, the cost of which has been calculated in accordance with the List of Fixed Tariff Rates, are subsequently found to be excessively lengthy or to contain overmuch or complicated tabulation.

PROOF OF PUBLICATION

38. Copies of any of the *Government Gazette* or *Provincial Gazette* can be downloaded from the **Government Printing Works** website www.gpwonline.co.za free of charge, should a proof of publication be required.

7 INDEX OF KEY POLICY ISSUES

1. PREAMBLE AND PURPOSE

The rate of learner pregnancy in South Africa, highlighted by improved reporting in the Department of Basic Education (DBE), has become a major social, systemic and fiscal challenge not only for the basic education sector, but crucially, for national development in general and for the basic education system in particular. It impacts the lives of thousands of young people, often limiting their personal growth, the pursuit of rewarding careers and their ambitions, with incalculable impact on South Africa's socio-economic systems. The DBE acknowledges its central role in the social sector's collective response to this challenge and sets out in this Policy its goals, guiding principles and policy themes to stabilize and reduce the incidence of learner pregnancy and its adverse effect on the education system.

Learner pregnancy compromises the planned elimination of gender disparities in education with implications for the Sustainable Development Goals (SDGs) of universal primary education and gender equality in education.

Unintended pregnancy amongst learners is not new to the basic education system but its scale and impact have reached the point where it requires a systemic policy and structured implementation planning. (For the purpose of this Policy a learner means any person receiving education or entitled to receive education in terms of the *South African Schools Act 1996 [Act 84 of 1996]*). This Policy on the Prevention and Management of Learner Pregnancy has been developed to guide officials, principals, school management teams and educators – who are in effect *in loco parentis* – in their response to learner pregnancies. The Policy addresses the high rates of pregnancy among learners; the familial and social context within which this occurs; options for reduction of unintended and unwanted pregnancies; management of its pre- and post-natal implications; limitation of associated stigma and discrimination; and, importantly, the retention and re-enrolment of affected learners in school.

This Policy seeks to ensure the accessible provision of information on prevention; choice of termination of pregnancy (CToP); care, counselling and support; frameworks for impact mitigation; and guidelines for systemic management and implementation. In particular, it commits the basic education system and other role players to providing the Comprehensive Sexuality Education (CSE) crucial to optimal sexual and reproductive health. The aim of CSE is to ensure that young people gain the knowledge and skills to make conscious, healthy and respectful choices about relationships and sexuality. It provides an age-appropriate, culturally-relevant and right-based approach to sexuality and relationships, which explicitly addresses issues of gender and power, and provides scientifically accurate, practical information in a non-judgemental way.

Effective CSE and adolescent and youth-friendly sexual and reproductive health services should therefore respond to the specific context and needs of young people. They should also contribute to a reduction in the incidence of unintended pregnancy, sexually-transmitted infections (STIs) and Human Immunodeficiency Virus (HIV). These links are exacerbated by the corresponding and troubling rate of STI and HIV infection amongst young women between the ages of 15 and 25 in South Africa. All of

these may be reduced by delayed sexual debut, abstinence and/or access to condoms and their appropriate and effective usage. However, many pregnant learners report limited or irregular contraceptive use prior to becoming pregnant and often turn to hormonal injections following birth. This approach may be effective in preventing future unintended pregnancies but does not assist in preventing STIs or HIV. This Policy on the Prevention and Management of Learner Pregnancy should therefore be read in conjunction with the DBE Policy on HIV, STIs and TB to understand the implications of these inter-related issues and recognize the need for a synergistic approach to both sets of challenges.

Of central importance this Policy asserts the Constitutional rights of pregnant learners to continue and complete their basic education without stigma or discrimination. In addition it requires that the DBE and its structures provide quality CSE and adolescent and youth-friendly sexual and reproductive health services, or referral to the latter. CSE should include counselling on the range of options, including the choice of termination of pregnancy. Specifically, it confirms that there should be no exclusion of pregnant learners who must be allowed to remain in school during their pregnancies and return as soon after giving birth as is appropriate for both the learner and her child. For its part, the school is required to accommodate the reasonable needs of the learner to ensure that her right to education is not disrupted or ended by pregnancy or birth. This may imply short- to medium-term absences from school and an undertaking to hold a place in the system for the return of the learner and the completion of her basic education. Details of this Policy protocol are addressed in the Implementation Plan.

The school, family and broader community within which a learner becomes pregnant also have an obligation to assure the continued education of the affected learner/s and to support them during and after the pregnancy. For this reason expulsion or exclusion from school is not an option and officials, principals, school management teams and educators should provide reasonable guidance and direction to these learners. This approach and its balance of rights and responsibilities should reduce the cumulative impact of learner pregnancy on the system and guarantee the rights of individual learners to a complete and enabling education. Engaging parents and communities in the implementation and scale-up of this approach is critical for success.

This Policy is grounded in the interests, advancement and protection of pregnant learners guaranteed by the Constitution of South Africa and related policies and strategies in the DBE and the wider social sector. For this reason, the Policy is promulgated to guide the strategies required to realise its Goals and addresses *what* is required rather than *how* this will be achieved. The operationalization of this Policy is the business of implementation planning, monitoring and reporting and will be systematically actioned to ensure the achievement of the Policy's goals.

It is important to recognize that, while many learner pregnancies are likely to have occurred as a result of consensual sex, some learner pregnancies may have resulted from non-consensual sex which is legally defined as rape. Non-consensual sex and rape are further defined in the **DBE** Protocol on the Management and Reporting of

Sexual Violence in Schools which also deals with issues of gender-based violence. Even consensual sex may amount to a sexual offence depending on the age of the learner and the age difference between the parties which in some instances is defined as statutory rape. This protocol therefore provides guidance on measures to be taken where the circumstances surrounding a pregnancy give rise to an obligation to report to SAPS and/or to social development authorities. The policy provides important detail regarding what steps are to be taken when it is alleged that a pregnancy has occurred as a result of sexual intercourse between a learner and an educator.

Finally, this Policy on the Prevention and Management of Learner Pregnancy is further informed by a number of international and regional obligations, commitments and targets, including the African Charter on the Rights and Welfare of the Child and its specific provisions on learner pregnancy and the right to education, and the Eastern and Southern Africa (ESA) Ministerial Commitment on comprehensive sexuality education and youth-friendly SRH services. The ESA Commitment requires South Africa to scale up and provide increased access to quality CSE and adolescent and youth-friendly SRH services, to eliminate all HIV infections among young people, to reduce early and unintended pregnancy and to eliminate gender-based violence and child marriage. This rights-based Policy therefore recognises and is consistent with these and other instruments, including:

- **The right to education:** Learners have a right to basic education, despite their pregnancy or post-pregnancy status.
- **The right to non-discrimination:** No person, school, policy or practice may unfairly discriminate against learners based on their pregnancy or post-pregnancy status or based on their access to pregnancy prevention or termination measures and/or access to healthcare services during and after pregnancy.
- **The right to privacy:** Learners have the right to confidentiality regarding their health status.
- **The right to bodily and psychological integrity:** Learners have the right to bodily and psychological integrity, which includes the right to make decisions concerning pregnancy prevention or termination measures and/or healthcare services during or after pregnancy. This includes the right to security and control over their body.
- **The right to dignity:** Learners have the right to have their inherent dignity protected regardless of pregnancy status or access to pregnancy prevention or termination measures and/or healthcare services during or after pregnancy.

Furthermore this policy seeks to uphold the rights of learners as enshrined in the Constitution of the Republic of South Africa (Act 108 of 1996). These obligations, commitments and targets inform the principles which underpin this Policy.

2 POLICY ALIGNMENT

The Policy on Learner Pregnancy is aligned with the existing policies and strategies of other Government departments in the social sector. It must therefore be read in conjunction with, and applied in collaboration with, the following policies, laws and strategies:

- 2.1 The Constitution of the Republic of South Africa (1996)
- 2.2 South African Schools Act (SASA) number 84 of 1996 (as amended)
- 2.3 The Choice on Termination of Pregnancy (CToP) Act (No. 92 of 1996)
- 2.4 The Employment of Educators Act, 1998 (Act 76 of 1998)
- 2.5 Promotion of Equality and Prevention of Unfair Discrimination Act (No. 4 of 2000)
- 2.6 Child Support Grant as contained in the Social Assistance Act (13 of 2004)
- 2.7 The Criminal Law (Sexual Offences and Related Matters) Amendment Act (Sexual Offences Act) (2007)
- 2.8 The South African Children's Act (2005) (as amended by the Children's Amendment Act, No. 41 of 2007)
- 2.9 National Learner Attendance Policy (2011)
- 2.10 Integrated School Health Policy (ISHP) (2012)
- 2.11 National Contraception Policy Guidelines (2012)
- 2.12 The HIV, STI and TB Policy (2015)
- 2.13 The National Development Plan (2030)

3 POLICY GOALS

The goal of the Policy on the Prevention and Management of Learner Pregnancy is to reduce the incidence of learner pregnancy through the provision of quality comprehensive sexuality education and access to adolescent and youth-friendly sexual and reproductive health services. It should promote the Constitutional Rights of girls to education by ensuring they are not excluded from school as a result of pregnancy and birth and to provide a supportive environment for the continuation of learning. The means to achieve these goals will be detailed in the DBE's accompanying Implementation Plan and includes the following:

- 3.1 Provide comprehensive sexual and reproductive health (SRH) services including access to effective contraceptive technologies in association with social sector partners, to empower learners to make informed choices and avoid unintended conception or seek termination.
- 3.2 Ensure the return and retention of learners, post-delivery, in an appropriate grade in the basic education system.
- 3.3 Facilitate access or referral to ante-natal care during learner pregnancy at the school-level in conjunction with other social sector partners and NGOs.
- 3.4 Ensure schools provide a stigma-free, non-discriminatory and non-judgemental environment for pregnant learners, pre- and post-delivery, to support their physical and psychological health and dignity.

4 SCOPE OF APPLICATION

The Department of Basic Education's Policy on Prevention and Management of Learner Pregnancy applies directly and indirectly to all:

- Learners
- Educators
- Principals
- School management teams
- School governing bodies
- School support staff
- Officials and
- Other co-curricular service providers and non-government organisations in the basic education sector at all public and independent primary and secondary schools in the Republic of South Africa

5 GUIDING PRINCIPLES

These principles are informed by a number of local, regional and international obligations, commitments and targets, including the rights inherent in the Constitution of South Africa (Act 108 of 1996) and Sustainable Development Goals (SDGs), which commit South Africa to several education and health targets for 2030 and beyond. This Policy is consistent with these and other instruments, including those related to the right to education; gender equality; sexual and reproductive health and rights; labour rights; and the rights of persons with special needs and disabilities. The Principles of this Policy may be revised from time to time where necessary through the issuance of a Concession Document but remain cross-cutting and should serve as absolute points of reference in terms of its interpretation and application, including:

- 5.1 **Access to Education:** Every female of school age has the Constitutional right to basic education and may not be denied access on the basis of her pregnancy, termination thereof, or consequent motherhood.
- 5.2 **Gender Equality:** Every learner has the right to gender equality and may not be discriminated against or denied access to basic education on the grounds of gender. Application of this Policy will be sensitive and responsive to the needs of female learners in particular and will recognise their particular vulnerability to gender-based violence and abuse.
- 5.3 **Access to Comprehensive Pregnancy Prevention:** Every learner over the age of 12 years in the basic education sector has the Constitutional right to access the means to protect themselves from unintended pregnancy, before or after their pregnancy.
- 5.4 **Access to Comprehensive Sexuality Education:** Every learner in the basic education system from the end of its primary phase has the right to quality CSE

appropriate to their age, gender, culture, faith, language and context, in order to make informed choices about their sexual health and safety.

- 5.5 Access to Sexual and Reproductive Health Services:** Every learner in the basic education system has the right to access services as may be required for comprehensive sexual and reproductive health.
- 5.6 Counselling, Care and Support:** All pregnant learners, pre- and post-delivery, in the basic education sector have the right to access health and social services available in either in schools or through referral by the DBE and the Integrated School Health Policy (ISHP) to its social sector partners. This will include access to appropriate counseling, care and support and/or active referral to providers of these services. This right of access and associated referrals are detailed in the Implementation Plan.
- 5.7 Stigma and Discrimination:** Every pregnant learner in the basic education sector has equal rights including the right to protection from stigma and discrimination. Every learner, whether pregnant or vulnerable in any other way, will be dealt with fairly and impartially and will be protected from all forms of, stigma and discrimination, based on their gender, pregnancy or motherhood.
- 5.8 Dignity, Privacy and Confidentiality:** The rights of every pregnant learner in the basic education sector to protection of their dignity, privacy and confidentiality regarding their pregnancy and related health is assured, at least to the point where pregnancy is physically evident. No person within the basic education system, regardless of their position or role, will disclose information relating to a pregnant learner without their written consent or the written consent of their parents or guardians if they are under the age of 12 years.
- 5.9 Reasonable Accommodation:** Schools in the basic education system will ensure the retention of pregnant learners during the course of their pregnancy and make provision for their short-, medium- and long-term absences during the term of their pregnancies. After giving birth the learner may return to school, to the appropriate grade, and will continue to have the right to basic education. The school and its principal and staff will take all reasonable steps to accommodate the learner's learning, health and maternal needs.
- 5.10 Critical Partnerships:** The DBE will operationalize and ensure partnerships with key social sector stakeholders to protect, support and advance the interests of pregnant learners in the basic education system. These partnerships will include all directorates and units within the national, provincial and district education departments; other government departments such as the Department of Health (DOH) and Department of Social Development (DSD); teacher unions; schools and school management teams (SMTs); school governing bodies (SGBs) as well as parent communities at large; learner organisations; non-governmental organisations including community-based and faith-based organisations; development partners; and academic and research institutions.

6 POLICY PROVISIONS

6.1 ENABLING ENVIRONMENT

6.1.1 *Policy Objective*

This Policy provides an enabling and supportive environment that ensures that schools are safe, free of stigma and provide a non-discriminatory environment for pregnant learners, guaranteeing them the right to equal education during their pregnancy and re-entry into basic education post-delivery.

6.1.2 *Advocacy and Leadership*

Officials, principals, SMTs, SGBs and educators at every level of the basic education system will publicly commit to support for pregnant learners and advocate this Policy at every level. They will act supportively at all times and facilitate and ensure a non-discriminatory environment in which the pregnant learner can access education until birth requires her to leave school and ensure her earliest return to resume her education and complete her basic education.

6.1.3 *Policy Implementation and Review*

This Policy will be implemented across the national, provincial, district and institutional levels of the basic education system and progress against its stated goals and objectives will be reviewed every five years or as deemed necessary for the life of the Policy to ensure it remains relevant to sectoral and national needs.

6.1.4 *Management and Coordination*

The DBE will establish a policy monitoring Sub-Committee on Learner Pregnancy to guide and coordinate progress and reporting on the implementation of this Policy and the achievement of its goals. This policy monitoring Sub-Committee should include other departmental representatives and NGOs and be responsible for liaison and coordination with the DBE's social sector and other partners to ensure this outcome.

6.1.5 *Roles and Responsibilities*

The DBE will recognise the roles, responsibilities and contributions of its staff at every level as well as its SGB, social sector and development partners, confirming their specific contributions to the aims of this Policy. These relationships will involve direct partnerships in the schools as well as referrals for specialist treatment and support, and on-going efforts to realise the educational and reproductive health rights of all pregnant learners in the basic education system. The SGB role is important as the governance of every public school is vested in this body but these may perform only such functions and obligations and exercise only such rights as prescribed by the Act. Implementation of the Prevention and Management of Learner Pregnancy Policy does not fall within the governance function of the governing body. An SGB is however responsible for the formulation of

certain policies and regulations in order to guide the daily management of the school and ensure an appropriate environment for the realisation of the right to education. Its function in this regard should be facilitative and not hinder or obstruct the implementation of this Policy. Although not governed by the Scope of Application the role of parents and communities is also important but will be actioned through their SGBs.

6.1.6 *Elimination of Discrimination and Abuse*

No educator, school staff member or fellow learner may discriminate against, humiliate or abuse a learner physically, emotionally or psychologically based on their pregnancy or post-pregnancy status. The dignity and Constitutional rights of every learner, pregnant or not, will not be prejudiced, including the right to education, equality and privacy.

6.1.7 *Partnerships and Policy Alignment*

The DBE is one of several role players responsible for the psychological and material support of pregnant learners. Policies, objectives and mandates inside and outside the basic education system will be aligned to mirror the Policy commitment of the DBE and its social sector partners, and open the way for effective coordination in which the DBE itself should act as the lead agency.

6.2 PREVENTION

6.2.1 *Policy Objective*

Learners in the basic education system have access to sexual and reproductive health information and skills, accurate knowledge about delayed sexual debut, abstinence and contraception and information about the role of gender and power in relationships in order to make informed life choices and protect them from unintended pregnancy.

6.2.2 *Prevention of Learner Pregnancy*

The incidence of pregnancy amongst learners in the basic education system constitutes a major challenge for learners, educators at the local level and the DBE at a systemic management level. Response will be governed by appropriate prevention measures and not by punishment of pregnant learners or their partners (if they too are learners). Accordingly, prevention is embedded throughout this Policy given its potential to reduce the incidence of unintended pregnancy amongst learners.

Learners should receive age-appropriate SRHR information that is rights-based, which explicitly addresses issues of gender and power and facilitates critical thinking around these topics. Life Orientation and other subjects through the provision of CSE should contain material that is interactive, learner-centred and employs skills-based pedagogies, delivering quality, age-appropriate sexual and reproductive health

information including information on contraception. This should include information and guidance on the influence of alcohol or drugs which may contribute to the circumstances in which a learner may become pregnant. The provision of Sexual and Reproductive Health Rights (SRHR) information in schools and available youth-friendly Sexual and Reproductive Health Services in the surrounding catchment area needs to be provided through a close working relationship between the DBE and DOH. Referral and linkage mechanisms for learners must also be put in place. Schools must ensure that CSE is part of the curriculum and initiated as early as possible as recommended in the Life Orientation curriculum.

6.2.3 Information and Access

6.2.3.1 Scientifically accurate, age-appropriate and comprehensive information and materials on SRHR, delayed sexual debut, abstinence, contraception and termination of pregnancy services will be made available or accessible to *all* learners in the basic education sector, provided or referred by the DBE through the Integrated School Health Policy (ISHP) and its social sector partners.

6.2.3.2 Reasonable access to male and female condoms (barrier methods of contraception and sexually-transmitted disease prevention as well as information on their use will be made available to all learners 12 years and above, dependent on their level of inquiry or need. Where condoms and information on their use cannot be provided in schools, ISHP nurses will ensure that learners are able to access condoms and requisite support services quickly and easily in a youth-friendly environment. This will be detailed in the Implementation Plan and an age-appropriate introduction to the issue will be available to learners in primary schools.

6.2.3.3 Where condoms and information on their use cannot be provided in schools, referral to the DBE HIV, STI and TB Policy and Integrated School Health Policy (ISHP) nurses should ensure access to condoms and requisite information and support services.

6.2.4 Educator Development and Training

The effective involvement of educators in the basic education system will be supported by the curriculum and pedagogy for the Initial Professional Education of Teachers (IPET) in personal, sexual and reproductive health, decision-making and learner pregnancy prevention measures. This will be undertaken in association with the DHET and will be supplemented by recurrent Continuing Professional Teacher Development (CPTD). The DBE through its relevant directorates will ensure the revision of appropriate curricula on life skills, sexual health and contraception. Educators will also be guided by the curriculum in which CSE is taught through Life Orientation (LO). Educators may refer pregnant learners to health clinics or school nurses for information on pregnancy termination. All educators and non-teaching school staff will ensure a climate of understanding, non-discrimination and respect in connection with learner pregnancies. For their part, schools will ensure comprehensive response and disciplinary measures where necessary to

complaints about discrimination, hate speech or harassment in respect of pregnancy or parenthood.

6.2.5 *Sexual and Reproductive Health Services*

Schools will provide learners with information on access to adolescent and youth-friendly sexual and reproductive health services in a facilitative environment. If this cannot be delivered in the school the DBE will refer and/or collaborate with the DOH (through the ISHP) to provide learners with access to these services without their education being interrupted where possible. The DOH will also endeavor to provide access to contraceptive services through direct linkages with the ISHP and/or local clinics. The DOH will also provide information on access to emergency contraception, the choice of termination of pregnancy and access to these services. Both the DBE and DOH should approach their roles in a professional and supportive manner to provide assurance and support to learners who find themselves confronting unintended pregnancy.

6.2.6 *Supportive Educational Environment*

The basic education system is a social environment in which learners may become pregnant or acquire the information and skills to protect themselves. It is the role of the DBE to ensure that comprehensive protection, delayed sexual debut or abstinence is a default option and provide the critical thinking skills and information necessary to make this choice. This can be facilitated by a supportive education environment in which the curriculum and the psychological and physical condition of the learner is properly recognised, understood and supported. For this reason educators, school principals, SGBs and their partners will collaborate to provide a supportive education environment and supplement the sometimes insufficient role of the parents or parent.

6.3 CARE, COUNSELLING AND SUPPORT

6.3.1 *Policy Objective*

Schools in the basic education system provide a positive and supportive environment where all pregnant learners can access professional advice, information, referrals, treatment, care, counselling and support.

6.3.2 *Care, Counseling and Support for Pregnant Learners*

Schools will become health- and rights-promoting institutions and act as inclusive centres of learning, care and support through the Integrated School Health Policy (ISHP) which provides a comprehensive range of services, including referrals for pregnant learners whose needs cannot be accommodated within the school. Educators and other designated school personnel will be trained to provide comprehensive sexuality education, information on pregnancy and maternity and offer a supportive environment providing care, counselling and support for pregnant learners.

6.3.3 Gender

The Policy on Learner Pregnancy will take into account the biological, social, religious and cultural needs of female learners and will recognise and acknowledge gender equity and equality. Policy implementation strategies will also recognise that female learners, whether pregnant or not, are particularly vulnerable and often exposed to sexual and gender-based violence, sometimes leading to coercion and assault, including rape. Detailed guidance and protocols on gender-based sexual and other violence are provided in the DBE's Protocol for the Management and Reporting of Sexual Violence in Schools. Through the provisions of the curriculum, trained educators and counselors, schools will teach learners about gender roles and orientations, the influence of power in sexual relationships and the need for responsible and protective behaviour. In short, gender issues will constitute a central part of education on gender rights, sexual and reproductive health, and contraception empowering female learners in particular to fulfill their role as full and equal partners in education, society and national development.

6.3.4 Procedures for Handling Incidence of Learner Pregnancy

Central to the success of this Policy are clear guidelines to address procedures for handling the incidence of learner pregnancy and the responsibilities of the key role players involved. When learners become pregnant the school will manage the situation by upholding the right of the learner to education and provide access to care, counselling and support through the Integrated School Health Policy (ISHP). These procedures are necessarily complex and must be consistent with all other DBE policies and regulations and regularly reviewed. For this reason the specific measures envisaged under this heading are contained and detailed in the DBE's Prevention and Management of Learner Pregnancy Implementation Plan.

6.3.5 Measures to Deal with Sexual Offences, Child Abuse and Neglect

In certain circumstances, information relating to a learner pregnancy may give rise to mandatory or voluntary reporting by the educator appointed by the school to provide counselling, support and advice. These circumstances may be complex and have legal implications for the learner and her partner, and therefore require the utmost sensitivity and guidance. The DBE's Protocol for the Management and Reporting of Sexual Violence in Schools and Sections 110 and 150 of the Children's Act (38 of 2005) refer and require that such information is reported to a designated child protection organization, the provincial head of the Department of Social Development (DSD) or SAPS. Detailed guidance on these issues is provided in the Prevention and Management of Pregnant Learners Implementation Plan.

6.3.5 Referral and Strategic Partnerships

In terms of this Policy, partnerships will be established and coordinated with the social sector and other support organisations to facilitate access to appropriate support and referral services. These relationships will assure pregnant learners of a support system capable of providing for their physical, psychological and material needs, either in the

school or on referral to partner departments or organisations. These support services will include:

- Information on sexual and reproductive health (SRH), pregnancy and maternity.
- Information on access to and use of contraception including delayed sexual debut and/or advocacy of abstinence.
- Management of abuse, discrimination, coercion and sexual harassment, including sexual and/or other violence inside or outside the school.
- Care, counselling and support.
- Healthcare, medical treatment and choice of termination of pregnancy.
- Potential links between unprotected sex and pregnancy, STIs and HIV.
- Reporting of sexual offences and cases of abuse or neglect.

6.4 IMPACT MITIGATION

6.4.1 *Policy Objective*

The impact of pregnancy on the basic education system not otherwise envisaged by this Policy is mitigated through the provision of a systemic, sustainable, structured, safe and empowering environment.

6.4.2 *Retention in School*

The learners' right to education during and after their pregnancy is guaranteed by the South African Constitution and guided by the African Charter on the Rights of the Child, which states in article 11(6) that '*State Parties to the Charter shall take all appropriate measures to ensure that children who become pregnant before completing their education shall have an opportunity to continue with their education on the basis of their individual ability*'. The basis on which the pregnant learner may be reintegrated into the basic education system after delivery will depend on medical advice and the point in the calendar year when she left the school for delivery. This reintegration process and its timing is detailed in the Policy Implementation Plan and guided by other relevant DBE policies and protocols. The retention or promotion of the learner, during and after pregnancy, will be guided by the National Policy on the Programme and Promotion requirements of the NCS Grade R-12 and Circular E22 of 2016 on progression in Grades 10-12.

In this context however the Policy on the Prevention and Management of Learner Pregnancy is clear that schools will allow the pregnant learner to remain in school during and after pregnancy. To facilitate the application of these rights, learners who are over six months pregnant will be required to submit a medical certificate indicating the status of their pregnancy and estimated delivery date. In addition, the pregnant learner will be asked to provide medical reports to her appointed teacher or school principal certifying that it is safe for her to continue with her schooling if she wishes to stay in school beyond 30 weeks (8 months) of pregnancy. If the learner does not

provide this information and fails to provide an explanation, she may be asked to take a leave of absence until medical proof is provided. Medical information provided by the learner to the principal shall be strictly confidential to protect the learner's right to privacy.

6.4.3 *School Support and Flexibility*

Schools in the basic education system will assist learners to continue with their education during and after pregnancy, and will take all reasonable steps to facilitate this. The goal is to assure the retention of pregnant learners in the system before and after giving birth. Retention of these learners in the basic education system will be managed in accordance with other DBE Policies which may be reviewed to align them with this Policy on the Prevention and Management of Learner Pregnancy.

In order to achieve this goal principals will encourage learners to continue with their education before and after delivery and will provide appropriate educational support where possible. Moreover the school will accept and be flexible in dealing with these absences provided only that the learner is not taking off a disproportionate amount of time. In this event the school principal will seek a meeting with the learner and her parents, guardians or caregivers to agree a leave of absence. At all times the school, its principal and educators will be supportive and sympathetic to each case.

6.5 POLICY MANAGEMENT AND IMPLEMENTATION

6.5.1 *Policy Objective*

Sustainable management structures and strategies are in place at all levels of the basic education system to plan and implement the provisions of this Policy and monitor and report its progress and success over the life of the Policy.

6.5.2 *Management and Coordination*

The incidence of unintended pregnancy at scale on the basic education system exacerbates existing systemic problems and impacts strategic responses which must be mainstreamed into routine education management at every level. The role of the DBE will be to create an enabling environment for the implementation of a sustainable response to reduce the incidence of unintended learner pregnancy. Strategies to achieve this have been outlined above and will rely on a structured Implementation Plan for success. Also proposed is a representative Sub-Committee on the Prevention and Management of Learner Pregnancy designed to lead and oversee the process of reducing the incidence of unintended pregnancy. Apart from this management role the Sub-Committee will be responsible for coordinating the multi-sectoral response and ensuring that every partner meets its obligations and mandate down to the district and institutional level.

6.5.3 *Structural Arrangements*

The emphasis on implementation with the goal of reducing the incidence of unintended pregnancy makes structural arrangements particularly important. These arrangements include and centre on the establishment of a representative Sub-Committee on Learner Pregnancy in the DBE with an explicit mandate to coordinate, strengthen and report the roles of the institutions and sectors involved. Specifically, this will include the monitoring of Policy implementation over the life of the Policy. The Sub-Committee on Learner Pregnancy will also be responsible for overseeing the alignment, delivery and coordination of Policy, operational activities, budgetary priorities, educator and staff training in the DBE. These arrangements will be systematised to facilitate the regular flow of information up to DBE senior management and down to the district and school level in all nine provincial Departments of Education.

6.5.4 *Roles, Rights and Responsibilities*

The DBE in general and the Sub-Committee on Learner Pregnancy in particular will be responsible for facilitating the resourcing of the Basic Education Sector response, in order to achieve the objectives and outcomes of this Policy. While this may be dealt with within the existing budgets of the DBE and those of partner departments and organisations, it is likely that additional funds will be required over the life of the Policy. Thus responsibility for the sustained resourcing of these activities lies with the DBE Sub-Committee on Learner Pregnancy. While the Constitutional rights of pregnant learners have been asserted above, the rights of the DBE, schools, principals, educators, families and communities are also of importance. In particular, schools will be responsible for applying and implementing the principles and provisions of this Policy, taking account of the specific circumstances of these schools which may include those with limited resources, often in rural areas. Parents and communities will also be required to support the school response. Their support and resources will be harnessed and their capacity to play a supporting role will be enhanced through guidance and training.

6.5.5 *Strategic Partnerships*

Strategic partnerships will be established with key stakeholder groups and organisations, such as other social sector departments, NGOs, educator unions, academic and research institutions, SGBs and SGB Associations, parent bodies and learner, faith-based, traditional and cultural organisations. These partnerships will be leveraged to support this Policy and synchronise it with those of partner departments and organisations, and will also provide strategic information, prevention approaches, referrals, counselling, care and support for pregnant learners.

6.5.6 *Educator Development and Training*

The curriculum and pedagogy for the Initial Professional Education of Teachers (IPET) in personal, sexual and reproductive health, decision-making and learner pregnancy prevention measures will be extended in association with the Department of Higher

Education and Training (DHET). IPET will be supplemented by recurrent Continuing Professional Teacher Development (CPTD) provided by the DBE to cover adolescent sexual and reproductive health (ASRH) education and learner pregnancy prevention, including contraceptive methods. These curricula and co-curricular programmes will be supplemented by additional health education sessions provided by ISHP health promotion staff, reinforcing this training progressively at least once per phase.

6.5.7 *Monitoring, Evaluation and Reporting*

The key to effective policy implementation is the ability to monitor and evaluate implementation and report this regularly and accurately. This Policy depends for its effectiveness of this process and the ability of the multi-sectoral network involved to interpret its progress and outcomes, as well as their role in this. It is therefore imperative that the monitoring and evaluation of implementation is both accurate and scientifically defensible. The DBE and its Sub-Committee on Learner Pregnancy will mobilise adequate resources to support the monitoring, evaluation and reporting of this Policy. To facilitate this, the DBE's reporting based on its annual EMIS returns and those of its strategic partners will provide observations and statistical information to determine whether or not the Policy is on-track to realise its overarching goal of reducing the incidence of unintended learner pregnancy. These data-gathering processes should pay close attention to the quality of indicators and how these can be verified by school principals and other data gatherers.

To facilitate this, the DBE and its strategic and representative partners will report on their observations and statistical information to determine whether or not the Policy is on-track to realise its overarching goal of reducing the incidence of unintended learner pregnancy. These outcomes will be reported to all the parties involved to inform their annual reports and to the wider public on a regular basis. Where appropriate the DBE Sub-Committee on Learner Pregnancy may engage the services of independent researchers and demographers to track and report progress. This aspect of the reporting process will be particularly important as the data may be compared with national statistics to determine the incidence of learner pregnancy.

**NATIONAL REGULATOR FOR COMPULSORY SPECIFICATIONS ACT
(Act No. 5 of 2008), AS AMENDED THROUGH LEGAL METROLOGY ACT
(Act No. 9 of 2014)**

**THE AMENDMENT OF THE COMPULSORY SPECIFICATION FOR THE
SAFETY OF LIGHTERS**

I, Dr. Rob Davies, Minister of Trade and Industry, under Section 13(4) of the National Regulator for Compulsory Specifications Act, (Act 5 of 2008), intends to amend VC 8076, the Compulsory Specification for the safety of lighters, as set out in the attached Schedule.

Any person, who wishes to comment on the intention of the Minister to thus amend the Compulsory Specification concerned, shall submit their comments, in writing, to the Chief Executive Officer, National Regulator for Compulsory Specifications, Private Bag X25, Brooklyn, 0075, on or before the date two (2) months after the publication of this notice.

Dr Rob Davies, MP

Minister of Trade and Industry

SCHEDULE

VC8076

Compulsory Specification for the safety of lighters

1 Scope

- 1.1 This specification applies to cigarette, cigar and pipe lighters.
- 1.2 This specification specifies the conditions governing the placing of lighters on the market and the minimum safety requirements that lighters shall satisfy in order to ensure the protection of the health and safety of users.

2 Normative references

This specification incorporates by dated or undated reference, provisions from other publications. These normative references are cited at the appropriate places in the text. For dated references, subsequent amendments to or revisions of any of these publications apply to this Specification only when incorporated in it by amendment or revision. For undated references the latest edition of the publication referred to applies.

SANS 9994: 'Lighters — Safety specification'

3 Terms and definitions

For the purposes of this document, the terms and definitions given in SANS 9994 and the following apply.

applicant

The manufacturer or importer of a type of lighter. The manufacturer or importer shall be an established legal entity within the Republic of South Africa.

approval

Permission by a NRCS that a type of lighter may be imported, sold or supplied.

type of lighter

Category of lighter that does not differ in such essential respects as:

- a) the trade name or mark, or
- b) the shape, materials, dimensions, operating method, manufacturing processes or methods of assembly.

4 Symbols and abbreviated terms

NRCS

National Regulator for Compulsory Specifications

5 General requirements

- 5.1** A type of lighter shall be approved in accordance with this specification.
- 5.2** The holder of an approval shall satisfy the requirements as set out in regulation 2 relating to the payment of fees in the form of levies as published by Government Notice No. R. 924 (Government Gazette No. 33615) of 15 October 2010.

6 Safety requirements

Lighters shall comply with the functional and structural integrity requirements as set out in paragraphs 3 and 4 of SANS 9994.

7 Markings

- 7.1** Each lighter shall be marked with the appropriate safety information as set out in paragraphs 6.3, 6.4, 6.5 and 7 of SANS 9994.
- 7.2** When markings consist of or incorporate words or sentences, such words or sentences shall be in at least one of the official languages of the Republic of South Africa.

8 Application for approval

- 8.1** The application for approval of a type of lighter shall be submitted by the applicant, and for each type the application shall be accompanied by the following:
- 8.1.1** Drawings in sufficient detail to permit identification and dimensions of all the component parts of the lighter type, including the methods of assembly. The drawings shall show the marking of the lighter type as set out in paragraph 7.
- 8.1.2** A comprehensive technical description stating the materials used in each component part.
- 8.1.3** Test reports to the satisfaction of the NRCS, demonstrating compliance of the lighter type with the functional and structural integrity requirements of SANS 9994, and ensuring that all component parts have been covered.
- 8.1.4** Two specimens of the lighter type. The first specimen shall be fully assembled and shall not contain fuel. The second specimen shall be dismantled into its different component parts. The fuel container shall not contain fuel.
- 8.1.5** Additional specimens shall be supplied at the request of the NRCS.
- 8.1.6** Proof of payment of a non-refundable application fee for the approval of the lighter type as published in the Government Gazette in accordance with regulation 3 relating to the payment of fees for services provided as published by Government Notice No. R. 924 (Government Gazette No. 33615) of 15 October 2010.
- 8.2** The NRCS shall verify the existence of satisfactory arrangements in order to ensure effective control of the conformity of production in accordance with the requirements of paragraph 11 before approval is granted.
- 8.3** The NRCS shall verify that the applicant is in compliance with the requirements as set out in regulation 2 relating to the payment of fees in the form of levies as published by Government Notice No. R. 924 (Government Gazette No. 33615) of 15 October 2010 before approval is granted.

9 Approval

- 9.1** When the type of lighter submitted in accordance with paragraph 8.1 meets the requirements of this specification, approval shall be granted.
- 9.2** A type approval number shall be assigned to each type approved. Its first two digit groupings shall indicate the letters "NRCS" and the number "8076". The third digit grouping shall consist of the customer number as allocated by the NRCS to the applicant. The fourth digit grouping shall consist of a sequential number unique to the type approved. The NRCS shall not assign the same number to another lighter type covered by this specification.
- 9.3** Notice of approval or of extension or refusal or withdrawal of approval of a lighter type pursuant to this specification shall be communicated by means of a letter of authority conforming to the model in Annex A to this specification.
- 9.4** In addition to the marks described in paragraph 7 above, the type approval number shall be indicated on every lighter conforming to a type approved under this specification so as to be visible and legible.
- 9.5** Annex B to this specification gives an example of the arrangement of the type approval number for lighters.
- 9.6** When applicable, the NRCS shall communicate the reason(s) for the refusal of an approval to the applicant.

10 Conformity of production and routine tests

- 10.1** The lighter approved under this specification shall be so manufactured as to conform to the type approved by complying with the requirements prescribed in paragraphs 6 and 7.
- 10.2** In order to verify that the conditions stated in paragraph 10.1 have been met, appropriate control of the production shall be performed.
- 10.3** The holder of the approved is responsible for the conformity of production procedures and he shall in particular:
- 10.3.1** Ensure that the body as agreed to by the NRCS in paragraph 10.5.1 has access to the testing equipment needed to inspect the conformity of each approved type;
- 10.3.2** Ensure that the test results are recorded and that the test results remain available for a time period of five (5) years after test;
- 10.3.3** Analyse the results of each type of test in order to verify and ensure the stability of the lighter characteristics, making allowances for the variations of industrial production;
- 10.3.4** Ensure that for each type of lighter at least those tests prescribed in paragraph 10.5 of this specification are carried out;
- 10.3.5** Ensure that when any samples or test pieces show non-conformity with the standard test concerned, further samples are taken and tested. All the necessary steps shall be taken to restore conformity of the corresponding production and prevention of importation, sale and supply of non-compliant lighters.
- 10.4** The NRCS, which has granted the approval, may at any time verify the conformity control methods applied in each production facility.
- 10.4.1** At every inspection, the test records shall be available to the visiting inspector.

10.4.2 When the level of control appears unsatisfactory, or when it seems necessary to check the validity of the tests carried out in application of paragraph 10.3, the inspector may select samples that will be sent to a technical service for testing.

10.4.3 In cases where unsatisfactory results are found during an inspection or test, the NRCS may withdraw the approval granted in respect of a lighter type pursuant to this specification.¹

10.5 Minimum conditions for the control of conformity

10.5.1 In agreement with the NRCS, one of the following bodies shall undertake the control of conformity: the holder of an approval, or the manufacturer, or a technical service.

10.5.2 The holder of an approval shall ensure that the body as agreed to by the NRCS in paragraph 10.5.1 carries out continuous conformity control on a statistical basis and by random sampling. In agreement with the NRCS, the tests can be carried out by a technical service, the manufacturer's test laboratory or the holder of an approval.

10.5.3 The samples shall be taken in accordance with the provisions of paragraph 10.5.5.

10.5.4 The specimens are taken at random and the tests to carry out are described in paragraph 10.5.5.

10.5.5 For the production to be considered conform, the tests of continuous control shall meet the following requirements:

1	2	3	4
Tests to be conducted	Sample size ²	Sampling and test frequency	Body to carry out tests
The body as agreed to by the NRCS in paragraph 10.5.1 shall identify the tests to be conducted in accordance with of SANS 9994 and to the satisfaction of the NRCS.	The body as agreed to by the NRCS in paragraph 10.5.1 shall determine the sample size and to the satisfaction of the NRCS.	The body as agreed to by the NRCS in paragraph 10.5.1 shall determine the sampling and test frequency for each identified test and to the satisfaction of the NRCS.	In agreement with the NRCS, the tests can be carried out by a conformity assessment body, the manufacturer's test laboratory or the holder of an approval.

10.5.6 The test results described in paragraph 10.5.5 shall comply with the values prescribed for each test described in SANS 9994.

11 Modification and extension of approval of a lighter type

11.1 Every modification and/or addition to an approved lighter type or its control of conformity of production shall be notified to the NRCS prior to its implementation.

11.2 The NRCS may require further evidence of conformity demonstrating compliance with this specification.

11.3 Confirmation or refusal of approval, specifying the alterations shall be communicated by the procedure specified in paragraph 9 above.

^{1/} Unsatisfactory results mean values exceeding L, where L is the limit value prescribed for each test.

^{2/} Number of test items.

11.4 The NRCS issuing the extension of approval shall assign a series number for such an extension and inform thereof by means of a letter of authority conforming to the model in Annex A to this specification.

11.5 When applicable, the NRCS shall communicate the reason(s) for the refusal of an extension of an approval.

12 Penalties for non-conformity

12.1 The approval granted in respect of a lighter type pursuant to this specification may be withdrawn if the requirements in this specification are not met.

12.2 If the NRCS applying this specification withdraws an approval it has previously granted, it shall forthwith so notify thereof by means of a letter of authority conforming to the model in Annex A to this specification.

12.3 The NRCS shall communicate the reason(s) for the withdrawal of the approval. The communication shall also make reference to the relevant offences and penalties as set out in section 34 of Act No. 5 of 2008.

13 Transitional provisions

13.1 As from the official date of entry into force of this specification, approved lighters pursuant to the Compulsory Specification for the safety of lighters as published by Government Notice No. R. 1279 (Government Gazette No. 23928) of 18 October 2002 may be deemed to comply with the requirements of paragraphs 5.1 and 10.

13.2 Twelve (12) months from the official date of entry into force of this specification, lighters shall comply with the requirements of paragraphs 7.1 and 9.4.

13.3 The requirements of a new edition of a referenced standard in this specification shall become effective twelve (12) months from the date of publication as a South African National Standard.

13.4 Twelve (12) months from the official date of entry into force of this specification, approved lighters pursuant to the Compulsory Specification for the safety of lighters as published by Government Notice No. R. 1279 (Government Gazette No. 23928) of 18 October 2002, the homologation or type approval number issued in terms of the aforementioned specification shall be indicated on every lighter conforming to a type approved under the aforementioned specification so as to be visible and legible.

(Normative)

Arrangement of type approval number

Example of the arrangement of a type approval number for a lighter:

NRCS/8076/000000/0001

The above type approval mark affixed to a lighter shows that the lighter type concerned has been approved under type approval number NRCS/8076/000000/0001. The type approval number shows that this approval was granted to company XYZ (whose customer number with the NRCS is 000000) with unique sequential number 0001 for the lighter type.

Note The use of Roman numerals as approval numbers should be avoided so as to prevent any confusion with other symbols.

NO. 628

22 JUNE 2018

**NATIONAL REGULATOR FOR COMPULSORY SPECIFICATIONS ACT
(Act No. 5 of 2008), AS AMENDED THROUGH THE LEGAL METROLOGY
ACT (Act No. 9 of 2014)**

**AMENDMENT OF THE COMPULSORY SPECIFICATION FOR CANNED FISH,
CANNED MARINE MOLLUSCS AND CANNED CRUSTACEANS AND
PRODUCTS DERIVED THEREFROM (VC 8014).**

I, Dr. Rob Davies, Minister of Trade and Industry, under Section 13 (1) (a) of the National Regulator for Compulsory Specifications Act (Act 5 of 2008), hereby withdraw the Compulsory Specification for canned fish, canned marine molluscs and canned crustaceans and products derived therefrom (Government Notice R. 790 of 9 July 2004) and replace it with the Compulsory Specification as set out in the attached schedule, with effect six (6) months from the date of publication of this notice.

**Dr Rob Davies, MP
Minister of Trade and Industry**

SCHEDULE**VC 8014****AMENDMENT OF THE COMPULSORY SPECIFICATION FOR CANNED FISH,
CANNED MARINE MOLLUSCS AND CANNED CRUSTACEANS AND PRODUCTS
DERIVED THEREFROM****1. SCOPE**

- 1.1. This Compulsory Specification applies to the manufacture, production, processing and treatment of canned fish, canned fish products, canned marine molluscs, canned marine molluscs products, canned crustaceans and canned crustaceans products.

2. DEFINITIONS

- 2.1 For the purposes of this Compulsory Specification, the definitions in the latest edition of *SANS (South African National Standard) 587: 'canned fish, canned marine molluscs and canned crustaceans and products derived therefrom'*, shall apply.
- 2.2 Any word or expression mentioned in this Compulsory Specification to which a meaning has been assigned in the National Regulator for Compulsory Specifications Act (Act No. 5 of 2008), as amended through Legal Metrology Act (Act No. 9 of 2014), shall have that meaning, unless the context otherwise indicates. In addition, the following definitions shall apply:
- 2.2.1 **applicant:** a handler, processor, packer, transporter, importer or exporter applying for approval of the product and/or factory or processing facility. The handler, processor, packer, transporter, importer or exporter shall be established within the Republic of South Africa.
- 2.2.2 **approval:** confirmation by the NRCS that the product and/or factory satisfies the requirements of this Compulsory Specification.
- 2.2.3 **Compulsory Specification:** Compulsory Specification is a technical regulation document published in terms of Section 13(1) (a), (b) or (c) of the NRCS Act of 2008, (Act No.5 of 2008) as amended. A compulsory Specification lays down product characteristics and/or their related processes and production methods,

including the applicable administrative provisions, with which compliance is mandatory.

2.2.4 conformity of production: satisfactory evidence that the handling, preparation, processing, packing, transportation, storage and quality of canned fish, canned marine molluscs and canned crustaceans and products derived therefrom, produced for sale, continues to conform to the requirements of this Compulsory Specification.

2.2.5 DAFF: the Department of Agriculture, Forestry and Fisheries.

2.2.6 factory/processing facilities: premises preparing, handling, treating, processing, producing or packaging canned fish, canned marine molluscs and canned crustaceans and products derived therefrom, covered by this Compulsory Specification.

2.2.7 HACCP (Hazard Analysis and Critical Control Point): a system which identifies, evaluates, and controls hazards that are significant to food safety.

2.2.8 NRCS: the National Regulator for Compulsory Specifications, as established by the National Regulator for Compulsory Specifications Act, 2008 (Act No. 5 of 2008) as amended through the Legal Metrology Act (Act No. 9 of 2014).

2.2.9 official facility number/code: a unique identification number or code allocated to a facility, factory or establishment by the NRCS, to establishments in the Republic of South Africa.

2.2.10 OIE: World Organization for Animal Health.

2.2.11 product safety management system: a food safety management system implemented by a factory based on the principles of HACCP as recommended by the Codex Alimentarius Commission.

2.2.12 relevant national legislation: means the following Acts; Foodstuffs, Cosmetics and Disinfectants Act, 1972 (Act No 54 of 1972); NRCS Act 2008 (Act No.5 of 2008); Legal Metrology Act 2014 (Act No. 9 of 2014); Marine Living Resources Act 1998 (Act No 18 of 1998) and applicable regulations.

3. GENERAL ADMINISTRATIVE REQUIREMENTS

- 3.1** All canned fish, canned marine molluscs and canned crustaceans and products derived therefrom to be offered for sale, shall comply with the requirements of this Compulsory Specification.
- 3.2** The factory/processing facility for the production for canned fish, canned marine molluscs and canned crustaceans and products derived therefrom, shall be pre-approved by the NRCS for conformity of production requirements as prescribed in Annex A - A.1. A certificate of approval for the facility shall be issued by the NRCS. Such approval shall be reviewed annually, or more frequently as may be determined by the NRCS. For any other new products that were not part of the initial annual approval of the facility, the facility shall apply immediately to add new product/product ranges to the overall approved list.
- 3.3** The factory/processing facility may not dispatch canned fish, canned marine molluscs and canned crustaceans and products derived therefrom, without a valid NRCS approval certificate of compliance per each production batch for products produced in the Republic of South Africa.
- 3.4** Application for official inspection and approval of the product(s) shall be made to the NRCS for every consignment of canned fish, canned marine molluscs and canned crustaceans and products derived therefrom which are imported into South Africa, in accordance with the requirements of Annex A - A.2.
- 3.5** Application for approval required for export or any other purposes as required by the applicant, shall be made in accordance with the requirements of Annex A - A.3.
- 3.6** The factory/processing facility shall provide the NRCS with satisfactory evidence of conformity of production upon request.
- 3.7** The factory/processing facility shall inform the NRCS in writing of any change in process of production affecting any mandatory requirement of this Compulsory Specification. In the event of such change/s the NRCS may, at its discretion, demand the submission of fresh evidence of conformity, or a new application for approval.
- 3.8** The factory/processing facility shall immediately report to the NRCS in writing any failure, of whatever nature, to conform to the requirements of this Compulsory Specification.

- 3.9** Approval granted by the NRCS to a factory/processing facilities in accordance with 3.2 of this Compulsory Specification, may be suspended and/or ultimately withdrawn upon detection of non-compliance to the provisions of this Compulsory Specification or if the applicant fails to re-apply as required. Reasons of such suspension or withdrawal will be provided to the applicant in writing and the facility shall not sell the identified products. No new batch(es)/production(s) shall be produced after the suspension of the facility, until new approval is granted by the NRCS or corrective actions are concluded.
- 3.10** A factory/processing facility whose approval has been suspended, must re-apply to the NRCS in writing within three (3) months of the date of suspension for a reassessment, otherwise approval for the establishment to operate in terms of this Compulsory Specification will be withdrawn.
- 3.11** A factory/processing facility shall notify the NRCS in writing when its operation is closing down, three (3) months before the effective date.
- 3.12** The testing of canned fish, canned marine molluscs and canned crustaceans and products derived therefrom against the requirements of this Compulsory Specification shall be done by microbiological and chemical test facilities that are accredited to use the referenced test methods or any other accredited method validated against the reference method, and giving results that are better, or at least equal, to the accuracy of the reference method. In the case where there are no test facilities available in the Republic of South Africa that are in compliance with the foregoing, the NRCS shall determine which facilities may be used in terms of its Conformity Assessment Policy.
- 3.13** The NRCS shall issue health guarantees for export purposes, where required, in accordance with the requirements of the country of destination as prescribed in Annex B. The NRCS may for the purposes of inspection and verification of products, sample products according to the regulatory risk based sampling plans.
- 3.14** There will be fees applicable as prescribed in the regulation R924 of 15 October 2010, published under the NRCS Act.

4. SPECIFIC REQUIREMENTS

- 4.1** The manufacture, production, processing and treatment of canned fish, canned marine molluscs, canned crustaceans and products derived therefrom shall comply with the requirements of the latest edition of SANS 587.
- 4.2** Manufacturers shall implement and maintain an acceptable Food Safety & Quality Management system such as the HACCP System as recommended by the Codex Alimentarius Commission.
- 4.3** In the event of an amendment or revision of the SANS 587 standard, the factory / processing facility shall be in compliance with the amended or revised requirements within six (6) months of publication of the amended or revised standard, unless otherwise declared by a special notice by the Minister. If evidence of compliance to such amendments or revisions cannot be provided, the approval of the factory / processing facility may be withdrawn.

Note: The required World Trade Organization (WTO) transparency provision will also be considered in this period.

5. MARKINGS

Canned fish, canned marine molluscs and canned crustaceans and products derived therefrom shall be marked in accordance with the requirements of the latest edition of SANS 587 and shall include the official factory / processing facility number issued by the NRCS in accordance with section A 1.5 of this Compulsory Specification. In the case of imported products, a factory/processing number/ code applicable in the country of origin shall be made available to the NRCS.

ANNEX A

(Normative)

A.1 APPLICATION FOR APPROVAL OF A FACILITY AND PRODUCT IN THE REPUBLIC OF SOUTH AFRICA

The applicant shall apply to the NRCS for approval of the factory / processing facility. Approval of a factory / processing facility shall be valid for a maximum period of one (1) year. The applicant shall reapply for approval annually.

The application shall be accompanied by the following:

- A.1.1** Details of the factory / processing facility for which approval is sought;
- A.1.2** Documentation and records in support of an effective product safety management system, as required by clause 4.1 of this Compulsory Specification and SANS 587. For new factory / processing facilities, provisional approval may be given for a period of three months, in order to generate the required documentation and records;
- A.1.3** Information required by the NRCS for the measures taken by the applicant to ensure ongoing conformity with the requirements of this Compulsory Specification;
- A.1.4** Any reasonable additional information to clarify the application as requested by the NRCS; and
- A.1.5** The NRCS shall issue an official factory / processing facility number on approval of the factory / processing facility.

A.2 APPLICATION FOR APPROVAL OF IMPORTED PRODUCTS

The applicant shall apply to the nearest NRCS regional office as soon as the consignment is available for sampling and inspection and subsequent approval of the (imported) product (s). The applicant shall notify the NRCS within thirty (30) calendar days after the arrival of the consignment.

- A.2.1** Applicants shall supply details of the products per consignment for which inspection and approval is sought, by providing the following:
 - a)** The applicable permits as required by DAFF (including OIE Directives);
 - b)** A health guarantee certificate (Annex C) containing evidence that imported products originate from a facility approved for export in the country of origin

per consignment, for which approval is sought. The NRCS may also request that specific testing be performed;

- c) Details of the imported product, bill of entry number (SARS release), quantity, batch codes and number of product per batch code(s), code list and bill of lading;
- d) The date and place where it will be available for inspection;
- e) Name and contact details of a contact person;
- f) The number(s) of the bill(s) of entry and the date authorized by Customs Officials; and
- g) The voyage number of the cargo carrier (vessel, aircraft) or registration number of vehicle.

GENERAL NOTICES • ALGEMENE KENNISGEWINGS

DEPARTMENT OF LABOUR**NOTICE 346 OF 2018****NOTICE IN TERMS OF SECTION 62 (7) OF THE LABOUR RELATIONS ACT 66 OF 1995 AS AMENDED (THE LRA)**

PLEASE TAKE NOTICE THAT: -

1. The Motor Industry Bargaining Council (the applicant) has applied to the CCMA in terms of section 62(1) of the Labour Relations Act 66 of 1995 as amended (the LRA) for a demarcation order to the effect that the activities and scope of a business entity known as Cloudlight (Pty) Ltd t/a Escape Gear, should fall under its jurisdiction. The applicant believes that the core business activities are essentially that of manufacturing accessories for motor vehicles.
2. The business is involved in the manufacturing of products such as seat covers, bags, wallets, accessory bags, rubber floor mats and other related items. The business is currently registered under the scope and jurisdiction of the National Bargaining Council for the Clothing Manufacturing Industry Cape Chamber (CIBC). The business is compliant with the CIBC collective agreements.
3. The CIBC is opposing the demarcation application and will argue that the activities of the business fall under its scope and registration. Likewise, the National Textile Bargaining Council (NTBC) is opposing the application and seeks that the business should fall under its jurisdiction. As the business is currently receiving funding from the Industrial Development Corporation, this entity has been joined as an interested party. Funding has been approved on the basis that the business is involved in the clothing and/or textile industries. Two trade unions have an interest in this dispute, namely the South African Clothing and Textile Workers Union as well as the National Union of Metal Workers of South Africa.
2. The CCMA believes that the questions raised by this demarcation application is potentially of substantial importance. Of relevance is the fact that similar businesses are registered with the competing bargaining councils. This may have broader implications for the relevant industries as a whole and a number of other parties may wish to make representations in this respect. It is therefore apparent that there may be other businesses or entities that could potentially be affected by the outcome of this application. Such entities should have the right to make representations to the CCMA.
3. Written representations may be made within 21 calendar days of the date of publication of this notice, and should be clearly marked with reference number **WECT 5995-18** and directed to: -

WARNING!!!

To all suppliers and potential suppliers of goods to the Government Printing Works

The Government Printing Works would like to warn members of the public against an organised syndicate(s) scamming unsuspecting members of the public and claiming to act on behalf of the Government Printing Works.

One of the ways in which the syndicate operates is by requesting quotations for various goods and services on a quotation form with the logo of the Government Printing Works. Once the official order is placed the syndicate requesting upfront payment before delivery will take place. Once the upfront payment is done the syndicate do not deliver the goods and service provider then expect payment from Government Printing Works.

Government Printing Works condemns such illegal activities and encourages service providers to confirm the legitimacy of purchase orders with GPW SCM, prior to processing and delivery of goods.
