## **GENERAL INFORMATION**

### **THE EMPLOYEE AND THE MEDICAL SERVICE PROVIDER**

**The employee is permitted to freely choose his own service provider e.g. doctor, pharmacy, physiotherapist, hospital, etc. and no interference with this privilege is permitted, as long as it is exercised reasonably and without prejudice to the employee or to the Compensation Fund. The only exception to this rule is in case where an employer, with the approval of the Compensation Fund, provides comprehensive medical aid facilities to his employees, i.e. including hospital, nursing and other services — section 78 of the Compensation for Occupational Injuries and Diseases Act refers.**

In terms of section 42 of the Compensation for Occupational Injuries and Diseases Act, the Compensation Fund may refer an injured employee to a specialist medical practitioner designated by the Director General for a medical examination and report. Special fees are payable when this service is requested.

In terms of section 76,3(b) of the Compensation for Occupational Injuries and Diseases Act, no amount in respect of medical expenses shall be recoverable from the employee.

In the event of a change of medical practitioner attending to a case, the first doctor in attendance will, except where the case is transferred to a specialist, be regarded as the principal. **To avoid disputes regarding the payment for services rendered, medical practitioners should refrain from treating an employee already under treatment by another doctor without consulting / informing the first doctor.** As a general rule, changes of doctor are not favoured by the Compensation Fund, unless sufficient reasons exist.

According to the National Health Act no 61 of 2003, Section 5, a health care provider may not refuse a person emergency medical treatment. Such a medical service provider should not request the Compensation Fund to authorise such treatment before the claim has been submitted to and accepted by the Compensation Fund. **Pre-authorisation of treatment is not possible and no medical expense will be approved if liability for the claim has not been accepted by the Compensation Fund.**

An employee seeks medical advice at his own risk. If an employee represented to a medical service provider that he is entitled to treatment in terms of the Compensation for Occupational Injuries and Diseases Act, and yet failed to inform the Compensation Commissioner or his employer of any possible grounds for a claim, the Compensation Fund cannot accept responsibility for medical expenses incurred. The Compensation Commissioner could also have reasons not to accept a claim lodged against the Compensation Fund. In such circumstances the employee would be in the same position as any other member of the public regarding payment of his medical expenses.

Please note that from 1 January 2004 a certified copy of an employee's identity document will be required in order for a claim to be registered with the Compensation Fund. If a copy of the identity document is not submitted the claim will not be registered but will be returned to the employer for attachment of a certified copy of the employee's identity document. Furthermore, all supporting documentation submitted to the Compensation Fund must reflect the identity number of the employee. If the identity number is not included such documents can not be processed but will be returned to the sender to add the ID number.

The tariff amounts published in the tariff guides to medical services rendered in terms of the Compensation for Occupational Injuries and Diseases Act do not include VAT. All accounts for services rendered will be assessed without VAT. Only if it is indicated that the service provider is registered as a VAT vendor and a VAT registration number is provided, will VAT be calculated and added to the payment, without being rounded off.

The only exception is the "per diem" tariffs for Private Hospitals that already include VAT.

Please note that there are VAT exempted codes in the private ambulance tariff structure.

#### **CLAIMS WITH THE COMPENSATION FUND ARE PROCESSED AS FOLLOWS**

1. New claims are registered by the Employers and the Compensation Fund and the **employer views the claim number allocated online**. The allocation of a claim number by the Compensation Fund, does not constitute acceptance of liability for a claim, but means that the injury on duty has been reported to and registered by the Compensation Commissioner. Enquiries regarding claim numbers should be directed to the employer and not to the Compensation Fund. The employer will be in the position to provide the claim number for the employee as well as indicate whether the claim has been accepted by the Compensation Fund
2. If a claim is **accepted** as a COIDA claim, **reasonable medical expenses** will be paid by the Compensation Commissioner.
3. If a claim is **rejected (repudiated)**, medical expenses for services rendered will not be paid by the Compensation Commissioner. The employer and the employee will be informed of this decision and the injured employee will be liable for payment.
4. If **no decision** can be made regarding acceptance of a claim due to inadequate information, the outstanding information will be requested and upon receipt, the claim will again be adjudicated on. Depending on the outcome, the accounts from the service provider will be dealt with as set out in 2 and 3. Please note that there are claims on which a decision might never be taken due to lack of forthcoming information.

- If a medical service provider claims an amount less than the published tariff amount for a code, the Compensation Fund will only pay the claimed amount and the short fall will not be paid.
6. Service providers should not generate the following:
- a. Multiple invoices for services rendered on the same date i.e. one invoice for medication and a second invoices for other services.

**\* Examples of the new forms (W.Cl 4 / W.Cl 5 / W.Cl 5F) are available on the website [www.labour.gov.za](http://www.labour.gov.za) •**

**DEPARTMENT OF LABOUR****NOTICE 354 OF 2019****NOTICE TO COMPENSATION FUND MEDICAL SERVICE PROVIDERS****COMPULSORY INVOICING REQUIREMENT IN MEDICAL CLAIMS**

The Compensation Fund is in the process of implementing the new claims management system. The system will go live on the 30<sup>th</sup> September 2019. This letter is to advise all medical service providers of upcoming changes that will be implemented on the system go live date. In the past and currently the Fund's systems have been accepting invoices as well as running accounts on medical claims. This has resulted in submission of duplicate invoices that clog the systems resulting in delays regarding timeous finalising of medical invoices.

With the implementation of the new claims management system and in an effort to improve service delivery the Compensation Fund will no longer be accepting running accounts or statement of accounts from 1 October 2019. The Fund will only accept medical invoices and statements of accounts that are resubmitted will not be accepted but will be rejected as duplicate invoices.

All medical service Providers are requested to note the requirement and compliance to the unique invoice number for each and every medical invoice that is submitted to facilitate the process of submission and processing of all medical invoices within specified time frames. Please note that running accounts/statements will not be received by the Compensation Fund systems but will be rejected upfront at the switch as duplicates. The Fund will not be liable for medical invoices that have been rejected for non compliance. The new SAP system will have a functionality to accept and process genuine short paid medical invoices.

As part of improved service delivery and efficiency the Compensation Fund will be implementing ICD-10 and tariff coding rules that need to be adhered to when submitting medical invoices. This will be implemented in a phased approach. For implementation on 30 September 2019, the following will apply:

a) ICD-10

ICD-10 validations will apply as per the national ICD-10 phase 3 and phase 4.1 requirements as per attachment. Note that these phases were implemented on 01 July 2014 and entail the following:

- Valid and ICD-10 codes as the SA ICD-10 Master Industry Table
- Maximum level of specificity: ICD-10 codes to be valid at the correct 3<sup>rd</sup>, 4<sup>th</sup> or 5<sup>th</sup> character level.
- Valid ICD-10 primary codes, codes not valid as primary will be rejected
- Comply with the dagger and asterisk rule
- Comply with the sequelae coding rules
- Age edits for ICD-10 codes that have age requirements
- Gender edits
- All injury and poisoning codes must be accompanied by external cause codes

b) Tariff Codes and Modifiers

- Valid tariff codes and modifiers
- Discipline type indicators where relevant
- Valid primary codes
- Codes not allowed
- Tariff and modifier age edits
- Tariff and modifier gender edits
- Modifiers allowed per tariff code
- Utilisation rules such as maximum number of items that can be billed per day, per patient, per treatment, per annum, etc.

Please ensure that you are familiar with the above to avoid unnecessary claim rejections.

The date and the requirements for the next phase will be communicated in due course.
