Government Printing Works
REPUBLIC OF SOUTH AFRICA

HIGH ALERT: SCAM WARNING!!!

TO ALL SUPPLIERS AND SERVICE PROVIDERS OF THE GOVERNMENT PRINTING WORKS

It has come to the attention of the *GOVERNMENT PRINTING WORKS* that there are certain unscrupulous companies and individuals who are defrauding unsuspecting businesses disguised as representatives of the *Government Printing Works (GPW)*.

The scam involves the fraudsters using the letterhead of *GPW* to send out fake tender bids to companies and requests to supply equipment and goods.

Although the contact person's name on the letter may be of an existing official, the contact details on the letter are not the same as the *Government Printing Works*. When searching on the Internet for the address of the company that has sent the fake tender document, the address does not exist.

The banking details are in a private name and not company name. Government will never ask you to deposit any funds for any business transaction. *GPW* has alerted the relevant law enforcement authorities to investigate this scam to protect legitimate businesses as well as the name of the organisation.

Example of e-mails these fraudsters are using:

PROCUREMENT@GPW-GOV.ORG

Should you suspect that you are a victim of a scam, you must urgently contact the police and inform the *GPW*.

GPW has an official email with the domain as [@gpw.gov.za](mailto:GPW@gpw.gov.za)

Government e-mails DO NOT have org in their e-mail addresses. All of these fraudsters also use the same or very similar telephone numbers. Although such number with an area code 012 looks like a landline, it is not fixed to any property.

GPW will never send you an e-mail asking you to supply equipment and goods without a purchase/order number. *GPW* does not procure goods for another level of Government. The organisation will not be liable for actions that result in companies or individuals being resultant victims of such a scam.

Government Printing Works gives businesses the opportunity to supply goods and services through RFQ / Tendering process. In order to be eligible to bid to provide goods and services, suppliers must be registered on the National Treasury's Central Supplier Database (CSD). To be registered, they must meet all current legislative requirements (e.g. have a valid tax clearance certificate and be in good standing with the South African Revenue Services - SARS).

The tender process is managed through the Supply Chain Management (SCM) system of the department. SCM is highly regulated to minimise the risk of fraud, and to meet objectives which include value for money, open and effective competition, equitability, accountability, fair dealing, transparency and an ethical approach. Relevant legislation, regulations, policies, guidelines and instructions can be found on the tender's website.

Fake Tenders

National Treasury's CSD has launched the Government Order Scam campaign to combat fraudulent requests for quotes (RFQs). Such fraudulent requests have resulted in innocent companies losing money. We work hard at preventing and fighting fraud, but criminal activity is always a risk.

How tender scams work

There are many types of tender scams. Here are some of the more frequent scenarios:

Fraudsters use what appears to be government department stationery with fictitious logos and contact details to send a fake RFQ to a company to invite it to urgently supply goods. Shortly after the company has submitted its quote, it receives notification that it has won the tender. The company delivers the goods to someone who poses as an official or at a fake site. The Department has no idea of this transaction made in its name. The company is then never paid and suffers a loss.

OR

Fraudsters use what appears to be government department stationery with fictitious logos and contact details to send a fake RFQ to Company A to invite it to urgently supply goods. Typically, the tender specification is so unique that only Company B (a fictitious company created by the fraudster) can supply the goods in question.

Shortly after Company A has submitted its quote it receives notification that it has won the tender. Company A orders the goods and pays a deposit to the fictitious Company B. Once Company B receives the money, it disappears. Company A's money is stolen in the process.

Protect yourself from being scammed

- If you are registered on the supplier databases and you receive a request to tender or quote that seems to be from a government department, contact the department to confirm that the request is legitimate. Do not use the contact details on the tender document as these might be fraudulent.
- Compare tender details with those that appear in the Tender Bulletin, available online at www.gpwonline.co.za
- Make sure you familiarise yourself with how government procures goods and services. Visit the tender website for more information on how to tender.
- If you are uncomfortable about the request received, consider visiting the government department and/or the place of delivery and/or the service provider from whom you will be sourcing the goods.
- In the unlikely event that you are asked for a deposit to make a bid, contact the SCM unit of the department in question to ask whether this is in fact correct.

NATIONAL AGRICULTURAL MARKETING COUNCIL

**REQUEST FOR THE CONTINUATION OF STATUTORY MEASURES RELATING TO
LEVIES, REGISTRATION AND RECORDS & RETURNS ON TABLE EGGS IN TERMS OF
THE MARKETING OF AGRICULTURAL PRODUCTS ACT (ACT No. 47 OF 1996, as
amended)**

It is hereby made known that, in terms of section 10 of the Marketing of Agricultural Products Act, 1996 (Act No.47 of 1996) (MAP Act), the Minister of Agriculture, Land Reform and Rural Development has received a request from the table egg industry for the continuation of statutory measures relating to levies, registrations, the keeping of records and rendering of returns. The applicant for the proposed statutory measures is the South African Poultry Association (SAPA) on behalf of the Egg Organisation. SAPA is a voluntary Organisation established by poultry producers in 1904 to act as the mouthpiece and representative Organisation for poultry producers in South Africa.

The Egg Organisation of SAPA, proposed a levy of **R 0,019 cents** (excluding VAT) per dozen of eggs to be applied on table eggs sold to the trade as prescribed by **regulation R345 (as amended) and egg products** sold to the trade. The levy will escalate by **5.56% in (year 1)**, then **5.26% (in year 2)**, **5% (in year 3)** and **4.76% (in year 4)**. The estimated income from the proposed statutory levies is between R9.3 million (for 2022/23) and R11,6 million per annum (for 2024/25). The proposed statutory levies will finance the following functions, namely-

- Empowerment and development of black emerging layer producers;
- Consumer education;
- Consumer assurance;
- Research and development;
- Industry information, liaison, and training;
- Producer bio-security education and veterinary guidance;
- Poultry disease management assistance; and
- Administration.

The MAP Act stipulates that a statutory levy may not exceed 5% of the price realised for a specific agricultural product at the first point of sale. The maximum of 5% must be based on a guideline price calculated as the average price at the first point of sale over a period not exceeding three years. In terms of this application, the levy will apply on a dozen of table eggs

sold to the trade (VAT excluded) from 1 April 2022 to 31 March 2025. The average net prices of a dozen of table eggs for the past three years were as follows:

Table eggs sold to the trade	Price/dozen
2018	R16.69
2019	R14.10
2020	R14.67
Average	R15.15

The proposed statutory levies will only be 0.14% of the calculated guideline price of a dozen of table eggs (an average over three years) at first point of sale.

The purpose of the statutory measure relating to registrations is to compel sellers of table eggs and egg products to the trade, to register with the administrator of the statutory measures (the Egg Organisation of SAPA). The purpose of the statutory measure relating to records & returns is to compel the sellers of table eggs and egg products to the trade to render records and returns to the administrator of the statutory measures. These statutory measures are necessary to ensure that continuous, timeous and accurate market information relating to table eggs and egg products sold to the trade is available to all role-players. Market information is deemed essential for all role-players in order for them to make informed decisions.

The National Agricultural Marketing Council (NAMC) took cognisance that the proposed continuation of statutory measures relating to levies, registrations, the keeping of records and rendering of returns as requested by the Egg Organisation of SAPA, is consistent with the objectives of the MAP Act. The request is currently being investigated by the NAMC and recommendations in this regard will be made to the Minister in the near future.

Directly affected groups in the table egg industry are kindly requested to submit any comments, regarding the proposed statutory measures to the NAMC on or before 3 September 2021, to enable the Council to finalise its recommendation to the Minister in this regard.

Submissions should be in writing and be addressed to:

Any objection to or comment on this representation should be submitted to the Chief Commissioner, ITAC, Private Bag X753, Pretoria, 0001. Attention is drawn to the fact that the rate of duty mentioned in this application is that requested by the applicant and that the Commission may, depending on its findings, recommend a lower or higher rate of duty.

CONFIDENTIAL INFORMATION

The submission of confidential information to the Commission in connection with customs tariff applications is governed by section 3 of the Tariff Investigations Regulations, which regulations can be found on ITAC's website at <http://www.itac.org.za/documents/R.397.pdf>.

These regulations require that if any information is considered to be confidential, then a non-confidential version of the information must be submitted, simultaneously with the confidential version. In submitting a non-confidential version the regulations are strictly applicable and require parties to indicate:

- ❑ Each instance where confidential information has been omitted and the reasons for confidentiality;*
- ❑ A summary of the confidential information which permits other interested parties a reasonable understanding of the substance of the confidential information; and*
- ❑ In exceptional cases, where information is not susceptible to summary, reasons must be submitted to this effect.*

This rule applies to all parties and to all correspondence with and submissions to the Commission, which unless clearly indicated to be confidential, will be made available to other interested parties.

The Commission will disregard any information indicated to be confidential that is not accompanied by a proper non-confidential summary or the aforementioned reasons.

If a party considers that any document of another party, on which that party is submitting representations, does not comply with the above rules and that such deficiency affects that party's ability to make meaningful representations, the details of the deficiency and the reasons why that party's rights are so affected must be submitted to the commission in writing forthwith (and at the latest 14 days prior to the date on which that party's submission is due).

Failure to do so timeously will seriously hamper the proper administration of the investigation, and such party will not be able to subsequently claim an inability to make meaningful representations on the basis of the failure of such other party to meet the requirements.
