## HIGH ALERT: SCAM WARNING!!!

### TO ALL SUPPLIERS AND SERVICE PROVIDERS OF THE GOVERNMENT PRINTING WORKS

It has come to the attention of the *GOVERNMENT PRINTING WORKS* that there are certain unscrupulous companies and individuals who are defrauding unsuspecting businesses disguised as representatives of the *Government Printing Works (GPW)*.

The scam involves the fraudsters using the letterhead of *GPW* to send out fake tender bids to companies and requests to supply equipment and goods.

Although the contact person's name on the letter may be of an existing official, the contact details on the letter are not the same as the *Government Printing Works*. When searching on the Internet for the address of the company that has sent the fake tender document, the address does not exist.

The banking details are in a private name and not company name. Government will never ask you to deposit any funds for any business transaction. *GPW* has alerted the relevant law enforcement authorities to investigate this scam to protect legitimate businesses as well as the name of the organisation.

Example of e-mails these fraudsters are using:

[PROCUREMENT@GPW-GOV.ORG](mailto:PROCUREMENT@GPW-GOV.ORG)

Should you suspect that you are a victim of a scam, you must urgently contact the police and inform the *GPW*.

*GPW* has an official email with the domain as [@gpw.gov.za](mailto:@gpw.gov.za)

Government e-mails DO NOT have org in their e-mail addresses. All of these fraudsters also use the same or very similar telephone numbers. Although such number with an area code 012 looks like a landline, it is not fixed to any property.

*GPW* will never send you an e-mail asking you to supply equipment and goods without a purchase/order number. *GPW* does not procure goods for another level of Government. The organisation will not be liable for actions that result in companies or individuals being resultant victims of such a scam.

*Government Printing Works* gives businesses the opportunity to supply goods and services through RFQ / Tendering process. In order to be eligible to bid to provide goods and services, suppliers must be registered on the National Treasury's Central Supplier Database (CSD). To be registered, they must meet all current legislative requirements (e.g. have a valid tax clearance certificate and be in good standing with the South African Revenue Services - SARS).

The tender process is managed through the Supply Chain Management (SCM) system of the department. SCM is highly regulated to minimise the risk of fraud, and to meet objectives which include value for money, open and effective competition, equitability, accountability, fair dealing, transparency and an ethical approach. Relevant legislation, regulations, policies, guidelines and instructions can be found on the tender's website.

## Fake Tenders

National Treasury's CSD has launched the Government Order Scam campaign to combat fraudulent requests for quotes (RFQs). Such fraudulent requests have resulted in innocent companies losing money. We work hard at preventing and fighting fraud, but criminal activity is always a risk.

### How tender scams work

There are many types of tender scams. Here are some of the more frequent scenarios:

Fraudsters use what appears to be government department stationery with fictitious logos and contact details to send a fake RFQ to a company to invite it to urgently supply goods. Shortly after the company has submitted its quote, it receives notification that it has won the tender. The company delivers the goods to someone who poses as an official or at a fake site. The Department has no idea of this transaction made in its name. The company is then never paid and suffers a loss.

OR

Fraudsters use what appears to be government department stationery with fictitious logos and contact details to send a fake RFQ to Company A to invite it to urgently supply goods. Typically, the tender specification is so unique that only Company B (a fictitious company created by the fraudster) can supply the goods in question.

Shortly after Company A has submitted its quote it receives notification that it has won the tender. Company A orders the goods and pays a deposit to the fictitious Company B. Once Company B receives the money, it disappears. Company A's money is stolen in the process.

Protect yourself from being scammed

- If you are registered on the supplier databases and you receive a request to tender or quote that seems to be from a government department, contact the department to confirm that the request is legitimate. Do not use the contact details on the tender document as these might be fraudulent.
- Compare tender details with those that appear in the Tender Bulletin, available online at [www.gpwonline.co.za](http://www.gpwonline.co.za)
- Make sure you familiarise yourself with how government procures goods and services. Visit the tender website for more information on how to tender.
- If you are uncomfortable about the request received, consider visiting the government department and/or the place of delivery and/or the service provider from whom you will be sourcing the goods.
- In the unlikely event that you are asked for a deposit to make a bid, contact the SCM unit of the department in question to ask whether this is in fact correct.

## 1. INTRODUCTION

- 1.1. Graduation as a healthcare professional and registration as a practitioner does not guarantee that an individual's professional proficiency will be maintained for the rest of his/her professional life. There are two primary reasons for this: **Firstly**, the acquisition of new knowledge and skills for any health-related field is expanding constantly and this new knowledge is not always easily accessible by practitioners; and **secondly**, certain education and training acquired by students in healthcare professions may subsequently become out-dated after graduation.
- 1.2. The purpose of the CPD programme is to ensure that any practitioner who is registered with the AHPCSA maintains current, but also acquires new and updated levels of knowledge, skills and ethical performance that will be of measurable benefit in professional practice and enhance and promote professional integrity. The beneficiary will ultimately be the patient. All such practitioners are required to complete a programme of approved continuing professional development activities in each calendar year.
- 1.3. The activities are clustered together comprising a hierarchy of learning approaches and strategies. Practitioners shall select activities from the hierarchy to meet their particular needs or the specific demands of their practice environments. It is anticipated that the system will also address the specific South African healthcare environment by providing a range of activities that will allow the practitioners to meet the challenges faced in the current healthcare system.
- 1.4. The hierarchy of activities detailed includes traditional learning experiences such as, but not limited to, attendance at conference presentations, workshops, structured courses and quality assurance audits of practices or groups of professionals in their work environments.

## 2. ADMINISTRATION

- 2.1. The CPD system will be **administered by the Registrar on behalf of the AHPCSA and will be monitored by the CPD Committees**. The registrar may, with the approval of the Executive Committee of the council, appoint a third-party service provider to assist with the administration of the CPD system.
- 2.2. **Any individual practitioner that** attends CPD activities in order to comply with the statutory requirements as determined by the AHPCSA shall ensure that he/she is in possession of a certificate of attendance and upload the necessary certificate and/or documents on the CPD Administration online-platform and shall keep such certificates of attendance for a minimum of two years on record after the completion of the relevant cycle to comply with any random compliance check. When and if an AHPCSA CPD Administration online-platform has been

established, all practitioners shall register and utilise the CPD Administration website to record all their CPD activities.

- 2.3. **The CPD Committees** shall ensure that the requisite standards are met and maintained by the CPD service providers and shall be responsible for conducting quality checks on the activities of the CPD service providers offering CPD activities from time to time.

- 2.4. The Act provides for the approval of education and training as follows:

*Section 16A: Control over training*
