## HIGH ALERT: SCAM WARNING!!!

### TO ALL SUPPLIERS AND SERVICE PROVIDERS OF THE GOVERNMENT PRINTING WORKS

It has come to the attention of the *GOVERNMENT PRINTING WORKS* that there are certain unscrupulous companies and individuals who are defrauding unsuspecting businesses disguised as representatives of the *Government Printing Works (GPW)*.

The scam involves the fraudsters using the letterhead of *GPW* to send out fake tender bids to companies and requests to supply equipment and goods.

Although the contact person's name on the letter may be of an existing official, the contact details on the letter are not the same as the *Government Printing Works*. When searching on the Internet for the address of the company that has sent the fake tender document, the address does not exist.

The banking details are in a private name and not company name. Government will never ask you to deposit any funds for any business transaction. *GPW* has alerted the relevant law enforcement authorities to investigate this scam to protect legitimate businesses as well as the name of the organisation.

Example of e-mails these fraudsters are using:

[PROCUREMENT@GPW-GOV.ORG](mailto:PROCUREMENT@GPW-GOV.ORG)

Should you suspect that you are a victim of a scam, you must urgently contact the police and inform the *GPW*.

*GPW* has an official email with the domain as [@gpw.gov.za](mailto:@gpw.gov.za)

Government e-mails DO NOT have org in their e-mail addresses. All of these fraudsters also use the same or very similar telephone numbers. Although such number with an area code 012 looks like a landline, it is not fixed to any property.

*GPW* will never send you an e-mail asking you to supply equipment and goods without a purchase/order number. *GPW* does not procure goods for another level of Government. The organisation will not be liable for actions that result in companies or individuals being resultant victims of such a scam.

*Government Printing Works* gives businesses the opportunity to supply goods and services through RFQ / Tendering process. In order to be eligible to bid to provide goods and services, suppliers must be registered on the National Treasury's Central Supplier Database (CSD). To be registered, they must meet all current legislative requirements (e.g. have a valid tax clearance certificate and be in good standing with the South African Revenue Services - SARS).

The tender process is managed through the Supply Chain Management (SCM) system of the department. SCM is highly regulated to minimise the risk of fraud, and to meet objectives which include value for money, open and effective competition, equitability, accountability, fair dealing, transparency and an ethical approach. Relevant legislation, regulations, policies, guidelines and instructions can be found on the tender's website.

## Fake Tenders

National Treasury's CSD has launched the Government Order Scam campaign to combat fraudulent requests for quotes (RFQs). Such fraudulent requests have resulted in innocent companies losing money. We work hard at preventing and fighting fraud, but criminal activity is always a risk.

### How tender scams work

There are many types of tender scams. Here are some of the more frequent scenarios:

Fraudsters use what appears to be government department stationery with fictitious logos and contact details to send a fake RFQ to a company to invite it to urgently supply goods. Shortly after the company has submitted its quote, it receives notification that it has won the tender. The company delivers the goods to someone who poses as an official or at a fake site. The Department has no idea of this transaction made in its name. The company is then never paid and suffers a loss.

OR

Fraudsters use what appears to be government department stationery with fictitious logos and contact details to send a fake RFQ to Company A to invite it to urgently supply goods. Typically, the tender specification is so unique that only Company B (a fictitious company created by the fraudster) can supply the goods in question.

Shortly after Company A has submitted its quote it receives notification that it has won the tender. Company A orders the goods and pays a deposit to the fictitious Company B. Once Company B receives the money, it disappears. Company A's money is stolen in the process.

Protect yourself from being scammed

- If you are registered on the supplier databases and you receive a request to tender or quote that seems to be from a government department, contact the department to confirm that the request is legitimate. Do not use the contact details on the tender document as these might be fraudulent.
- Compare tender details with those that appear in the Tender Bulletin, available online at [www.gpwonline.co.za](http://www.gpwonline.co.za)
- Make sure you familiarise yourself with how government procures goods and services. Visit the tender website for more information on how to tender.
- If you are uncomfortable about the request received, consider visiting the government department and/or the place of delivery and/or the service provider from whom you will be sourcing the goods.
- In the unlikely event that you are asked for a deposit to make a bid, contact the SCM unit of the department in question to ask whether this is in fact correct.

**DEPARTMENT OF TRADE, INDUSTRY AND COMPETITION****NOTICE 1277 OF 2022****INTERNATIONAL TRADE ADMINISTRATION COMMISSION OF  
SOUTH AFRICA (ITAC)****SUNSET REVIEW OF THE ANTI-DUMPING DUTIES ON POLYETHYLENE  
TEREPHTHALATE (“PET”) ORIGINATING IN OR IMPORTED FROM CHINESE  
TAIPEI, THE REPUBLIC OF KOREA (SOUTH KOREA) AND INDIA: FINAL  
DETERMINATION**

In accordance with the provisions in the Anti-Dumping Regulations (ADR), any definitive anti-dumping duty shall be terminated on a date not later than five years from the date of imposition, unless the authorities determine, in a review initiated before that date on their own initiative or upon a duly substantiated request made by or on behalf of the domestic industry, that the expiry of the duty would likely lead to the continuation and/or recurrence of dumping and injury.

On 03 July 2020, the International Trade Administration Commission of South Africa (the Commission) notified interested parties through Notice No. 367 of 2020 in *Government Gazette* No. 43495, that unless a substantiated request is made indicating that the expiry of the anti-dumping duties against imports of polyethylene terephthalate originating in or imported from Chinese Taipei, India and South Korea would likely lead to the continuation or recurrence of dumping and injury, the anti-dumping duties on polyethylene terephthalate originating in or imported from Chinese Taipei, India and South Korea will expire on 07 July 2021.

A detailed response to the Commission’s sunset review questionnaire was received from Safripol (Pty) Ltd (the Applicant) on 08 April 2021. After all deficiencies were identified and addressed, an updated final application was received on 27 May 2021.

The sunset review investigation was initiated pursuant to Notice No: 369 of 2021 in *Government Gazette* No. 44724, published on 18 June 2021.

Initiation letters to interested parties were sent on 21 June 2021. The due date for responses was 28 July 2021.

The investigation was initiated after the Commission considered that the expiry of the anti-dumping duties on polyethylene terephthalate originating in or imported from Chinese Taipei, India and South Korea would likely lead to the continuation or recurrence of dumping and the recurrence of material injury.

No properly documented responses were received from any of the interested parties identified in the investigation.

After considering all information submitted, the Commission issued essential facts letters indicating that it was considering making a final determination that the expiry of the anti-dumping duties on polyethylene terephthalate originating in or imported from Chinese Taipei, India and South Korea would likely lead to the continuation or recurrence of dumping and the recurrence of material injury. Comments to the “Essential facts” letters were only received from the Applicant.

Considering all the comments received, the Commission made a final determination that the expiry of the anti-dumping duties on polyethylene terephthalate originating in or imported from Chinese Taipei, India and South Korea would likely lead to the continuation or recurrence of dumping and the recurrence of material injury.

The Commission, therefore, decided to recommend to the Minister of Trade, Industry and Competition that the current anti-dumping duties on polyethylene terephthalate originating in or imported from Chinese Taipei, India and South Korea be maintained.

The Minister approved the Commission’s recommendation. The Commission’s detailed reasons for its decision are set out in Commission’s Report No. 676 (Final determination report).
