REPUBLIC OF SOUTH AFRICA

HIGH ALERT: SCAM WARNING!!!

TO ALL SUPPLIERS AND SERVICE PROVIDERS OF THE GOVERNMENT PRINTING WORKS

It has come to the attention of the *GOVERNMENT PRINTING WORKS* that there are certain unscrupulous companies and individuals who are defrauding unsuspecting businesses disguised as representatives of the *Government Printing Works (GPW)*.

The scam involves the fraudsters using the letterhead of *GPW* to send out fake tender bids to companies and requests to supply equipment and goods.

Although the contact person's name on the letter may be of an existing official, the contact details on the letter are not the same as the *Government Printing Works*. When searching on the Internet for the address of the company that has sent the fake tender document, the address does not exist.

The banking details are in a private name and not company name. Government will never ask you to deposit any funds for any business transaction. *GPW* has alerted the relevant law enforcement authorities to investigate this scam to protect legitimate businesses as well as the name of the organisation.

Example of e-mails these fraudsters are using:

PROCUREMENT@GPW-GOV.ORG

Should you suspect that you are a victim of a scam, you must urgently contact the police and inform the *GPW*.

GPW has an official email with the domain as [@gpw.gov.za](mailto:gpw@gpw.gov.za)

Government e-mails DO NOT have org in their e-mail addresses. All of these fraudsters also use the same or very similar telephone numbers. Although such number with an area code 012 looks like a landline, it is not fixed to any property.

GPW will never send you an e-mail asking you to supply equipment and goods without a purchase/order number. *GPW* does not procure goods for another level of Government. The organisation will not be liable for actions that result in companies or individuals being resultant victims of such a scam.

Government Printing Works gives businesses the opportunity to supply goods and services through RFQ / Tendering process. In order to be eligible to bid to provide goods and services, suppliers must be registered on the National Treasury's Central Supplier Database (CSD). To be registered, they must meet all current legislative requirements (e.g. have a valid tax clearance certificate and be in good standing with the South African Revenue Services - SARS).

The tender process is managed through the Supply Chain Management (SCM) system of the department. SCM is highly regulated to minimise the risk of fraud, and to meet objectives which include value for money, open and effective competition, equitability, accountability, fair dealing, transparency and an ethical approach. Relevant legislation, regulations, policies, guidelines and instructions can be found on the tender's website.

Fake Tenders

National Treasury's CSD has launched the Government Order Scam campaign to combat fraudulent requests for quotes (RFQs). Such fraudulent requests have resulted in innocent companies losing money. We work hard at preventing and fighting fraud, but criminal activity is always a risk.

How tender scams work

There are many types of tender scams. Here are some of the more frequent scenarios:

Fraudsters use what appears to be government department stationery with fictitious logos and contact details to send a fake RFQ to a company to invite it to urgently supply goods. Shortly after the company has submitted its quote, it receives notification that it has won the tender. The company delivers the goods to someone who poses as an official or at a fake site. The Department has no idea of this transaction made in its name. The company is then never paid and suffers a loss.

OR

Fraudsters use what appears to be government department stationery with fictitious logos and contact details to send a fake RFQ to Company A to invite it to urgently supply goods. Typically, the tender specification is so unique that only Company B (a fictitious company created by the fraudster) can supply the goods in question.

Shortly after Company A has submitted its quote it receives notification that it has won the tender. Company A orders the goods and pays a deposit to the fictitious Company B. Once Company B receives the money, it disappears. Company A's money is stolen in the process.

Protect yourself from being scammed

- If you are registered on the supplier databases and you receive a request to tender or quote that seems to be from a government department, contact the department to confirm that the request is legitimate. Do not use the contact details on the tender document as these might be fraudulent.
- Compare tender details with those that appear in the Tender Bulletin, available online at www.gpwonline.co.za
- Make sure you familiarise yourself with how government procures goods and services. Visit the tender website for more information on how to tender.
- If you are uncomfortable about the request received, consider visiting the government department and/or the place of delivery and/or the service provider from whom you will be sourcing the goods.
- In the unlikely event that you are asked for a deposit to make a bid, contact the SCM unit of the department in question to ask whether this is in fact correct.

2. Purpose of the Policy

The purpose of this policy is to provide a set of uniform guidelines on the remuneration of council members of public Technical and Vocational Education and Training colleges.

3. Scope of Application

This policy is applicable to all persons appointed as council members and members of council sub-committees appointed in terms of the CET Act.

4. Mandate of the Policy

This policy is developed in terms of the CET Act to formalise the remuneration of persons appointed to serve as members of a public TVET college council or as members of sub- committees of a public TVET college.

5. Membership of Public TVET College Council

A person who applies to serve as a member of a public TVET college is *volunteering* and is regarded by the Minister as a public service and as such remuneration is only in the form of a meeting-based sitting allowance, with a limitation on the number of meetings for which payment may be made per annum.

The public TVET college reimburses council members for costs directly incurred in the course of their duties, such as travelling and accommodation where required in the execution of their roles as council members. This applies to non-official, external council members only.

6. Legislative Requirement

6.1. In terms of section 9(1) read with section 25(1) (c) of the CET Act, public colleges are required to establish a college council and to implement internal audit and risk

management systems that are not inferior to the requirements of the Public Finance Management Act, 1999 (Act No. 1 of 1999) (“the PFMA”).

- 6.2.** This policy is informed and predicated on the directive on the remuneration of various governing bodies, state entities and other institutions as issued by the National Treasury. This policy is therefore aimed at facilitating the operational process involved in implementing the directive issued by the National Treasury.
- 6.3.** This policy makes reference to the latest directive by the National Treasury on remuneration levels was issued in the circular of 30 August 2019. Clause 5 of the Circular provides that employees of national, provincial and local government or institutions, agencies and entities of government serving as office bearers on public entities or institutions are **not** entitled to additional remuneration.
- 6.4.** According to the PFMA, **public entities** means:
- a. national government business enterprise; or
 - b. a board, commission, company, corporation, fund or other entity (other than a national government business enterprise) which is:
 - i. established in terms of national legislation;
 - ii. fully or substantially funded either from the National Revenue Fund, or by way of tax, levy or other money imposed in terms of national legislation; and
 - iii. are accountable to parliament.

This definition includes **employees of universities** as they:

- i. are governed by the Higher Education Act, 101 of 1997, as amended;
- ii. derive their major income from the national revenue; and
- iii. are subject to the national parliament.

While the PFMA does not apply to education institutions, nor does the definition of a *public entity* extend to education and training institutions but the definition of **an organ of state** does apply in terms of the definition of an “organ of state” in section 239 of the Constitution of the Republic of South Africa, 1996.

- 6.5.** Paying sitting allowance to employees of the state and/or public entities, including employees of a public college and the Department of Higher Education and Training

maybe construed as '**double dipping**', given that the major source of income of the employees are from the state's national revenue. It should be noted that these employees are contracted to work for the whole year, and are therefore subjected to the contractual agreement of their employment. This applies to permanent and fixed-term contract employees.

- 6.6.** In terms of section 25(1)(c) of the CET Act, TVET colleges are obliged to implement internal audit and risk management systems which are not inferior to the standards contained in the Public Finance Management Act, 1999.

7. Conditions for the payment of sitting allowance

- 7.1.** Sitting allowances shall only be paid to **non-official external council members** undertaking official council activities.
- 7.2.** No council or sub-committee member who, for the purpose of this policy is deemed an **official council members**, is remunerated accordingly. They will not receive any additional remuneration for serving on the council and/or the sub-committees of the council.
- 7.3.** Sitting allowance will be paid to non-official external council members for attending **four (4) meetings per year, plus not more than three (3) special or emergency meetings**, where such meetings will be meant for resolving matters of the public TVET college.
- 7.4.** Sitting allowances will be paid to non-official external council members for attending **sub-committee meetings**. The number of meetings for which remuneration is payable is restricted to **four (4) per annum** except for the audit and risk committee, where one special meeting may be arranged, if required.
- 7.5.** **Unofficial council visits to the college** do not constitute meetings of council and will not be compensated. Attending events or undertaking travel that has not been approved by the council, will not be compensated.
- 7.6.** Payment may be made for **overtime** i.e. if meetings are held beyond working hours. This must be agreed to by both the college management and the college council **before** the beginning of the financial year, subject to available budget.

- 7.7. An allowance may be paid for the performance of **special tasks** at the public TVET college or other venues as determined by the council or the executive committee, provided it is approved by the council. Such allowance payment must not exceed the hourly rate for a period, and must not be more than three (3) hours.

GUIDELINES ON SMALL MERGER NOTIFICATION

REVISED SMALL MERGER GUIDELINE

1. The Competition Commission of South Africa has amended its Guideline on Small Merger Notification.
2. The Revised Small Merger Guideline is effective from 1 December 2022.

GUIDELINES ON SMALL MERGER NOTIFICATION

Introduction

The Competition Act 89 of 1998, as amended (“the Act”) requires that the Minister responsible for the administration of the Act determine a lower and a higher threshold of combined annual turnover or assets, or a lower and a higher threshold of combinations of turnover and assets in general or in relation to specific industries, which classify transactions as:

- Large (above the higher threshold)
- Intermediate (between the lower and higher thresholds) and
- Small (below the lower threshold)

Large and intermediate merger transactions require mandatory notification and approval by the competition authorities. Small mergers do not require mandatory notification, but in terms of section 13(3) of the Act, the Competition Commission (“Commission”) may require, up to six months after the small merger has been implemented, that such mergers be notified and approved by the Commission if, in the opinion of the Commission, the merger may substantially prevent or lessen competition or cannot be justified on public interest grounds. According to section 13(4), merging parties may not take further steps to implement a small merger that has been notified until it has been approved or conditionally approved.

On 15 September 2017, the Minister of Economic Development published a notice in the Government Gazette raising the merger thresholds and the filing fee for their notification. These thresholds came into effect on 01 October 2017.

There are concerns that potentially anti-competitive acquisitions in digital or technology markets are escaping regulatory scrutiny due the acquisitions taking place at an early stage in the life of the target before they have generated sufficient turnover or accumulated capital and physical assets that would trigger mandatory merger notification as set by the turnover or asset thresholds. This is particularly the case where the target firm valuation is high due to the prospective future value of the concept, technology, intellectual property or skills of the target firm. These are not recorded in the financial statements as ‘assets’ and therefore currently do

not trigger a mandatory merger notification. Such acquisitions may substantially prevent future competition with incumbents or lessen competition through strengthening the portfolio of dominant companies (whether they are currently classified as operating in digital markets or not).

The Commission will remain vigilant in identifying small mergers that may require notification. In addition to its own monitoring, the Commission relies on the public to alert it to possible anticompetitive transactions. This notice communicates the approach of the Commission to the notification of small mergers.

Guidelines

The Commission will evaluate whether a small merger requires notification on its own merits, within the guidance provided by section 13(3) of the Act. Notice is hereby given, however, that the Commission must be informed in writing before implementation of all small mergers which meet any of the following criteria:

- at the time of entering into the transaction any of the firms, or firms within their group, are subject to an investigation by the Commission in terms of Chapter 2 of the Act;
- at the time of entering into the transaction any of the firms, or firms within their group, are respondents to pending proceedings referred by the Commission to the Competition Tribunal in terms of Chapter 2 of the Act;

Furthermore, the Commission will require that it be informed of all small mergers and share acquisitions where the acquiring firm's turnover or asset value alone exceeds the large merger combined asset/turnover threshold (currently R6.6 billion). For avoidance of doubt, only the acquiring firm's turnover or asset value (without including the target firm) must exceed the large merger combined turnover/asset value threshold; and at least one of the following criteria must be met for the target firm:

- the consideration for the acquisition or investment exceeds the target firm asset/turnover threshold for large mergers (currently R190 million).
- the consideration for the acquisition of a part of the target firm is less than the R190 million threshold but effectively values the target firm at R190 million or more.

Procedure

Parties to small mergers which meet the above criteria are advised to inform the Commission in writing of their intention to enter into the transaction. The parties should provide sufficient detail on the acquiring and target firms, the proposed transaction, and the relevant markets in which the firms compete. Communication should be addressed to:

The Manager: Mergers & Acquisitions Division

The Competition Commission
Mulayo Building
77 Meintjies Street
Sunnyside,
Pretoria
Private Bag X23, Lynnwood Ridge 0040
E-mail: ccsa@compcom.co.za

The Commission will reply to the parties within a period of 30 business days in writing and inform them whether or not they would be required to notify the small merger to the Commission in the prescribed manner and form, in terms of Section 13 of the Act.

This Guideline is effective from 1 December 2022.

DEPARTMENT OF WATER AND SANITATION

NO. 2642

14 October 2022

CALEDON-MODDER SUBSYSTEM – LIMITING THE USE OF WATER IN TERMS OF ITEM 6 OF SCHEDULE 3 OF THE NATIONAL WATER ACT OF 1998 FOR URBAN AND IRRIGATION PURPOSES FROM THE DAMS WITHIN THE CALEDON-MODDER SUBSYSTEM

I, Dr Sean Phillips, in my capacity as Director-General of the Department of Water and Sanitation, on reasonable grounds believe that a potential water shortage exists in the Caledon Modder subsystem, especially in the Modder River catchment. This is due to infrastructural constraint that is limiting transfer capacity from the Caledon to the Modder subsystem and an imbalance between the supply and demand imposed on the subsystem.

In terms of Item 6(1) of Schedule 3 to the Act, the Minister of Water and Sanitation may limit the use of water, if, on reasonable grounds, the Minister believes that a water shortage exists within the area concerned. This power has been delegated to me in terms of section 63 (1) (b) of the Act.

Therefore, in my capacity as the Director-General of the Department of Water and Sanitation, I hereby under delegated authority, in terms of item 6 (1) of Schedule 3 to the Act, limit the taking of water from the Caledon-Modder Subsystem by all users as follows:

- a) No water use restrictions will apply from 1 May 2022 when the combined storage level of the Caledon-Modder Subsystem is above 95%.
- b) 15% restriction on water use for Domestic and Industrial supply to the Mangaung - Metropolitan Supply area when the combined storage level of the Caledon-Modder Subsystem is below 95%.

The limitations apply from the date of this notice until further notice.

In exercising the powers, I have given preference to the maintenance of the Reserve, treated all water users on a basis that is fair and reasonable, considered the actual extent of the water shortage, the likely effects of the shortage on the water users, the strategic importance of any water use and any water rationing or water use limitations by a water services institution having jurisdiction in the area concerned under the Water Services Act 108 of 1997.

Placing limitation on the taking of water use as set out in this notice is an administrative action affecting the rights of the public as contemplated in section 4 of the Promotion of Administrative Justice Act 3 of 2000 (PAJA). After I have taken into consideration all relevant factors, including those referred in section 4 (4) (b), I have decided that it is reasonable and justifiable in the circumstances to depart from the requirements referred to in section 4 (1) (a) to (e), (2) and (3) and instituted this limitation without allowing the water users affected and other role players to comment on the matter before I institute the limitation.

This notice overrides any other previous authorization on water restrictions issued by the Department relating to this area.
