REPUBLIC OF SOUTH AFRICA

HIGH ALERT: SCAM WARNING!!!

TO ALL SUPPLIERS AND SERVICE PROVIDERS OF THE GOVERNMENT PRINTING WORKS

It has come to the attention of the *GOVERNMENT PRINTING WORKS* that there are certain unscrupulous companies and individuals who are defrauding unsuspecting businesses disguised as representatives of the *Government Printing Works (GPW)*.

The scam involves the fraudsters using the letterhead of *GPW* to send out fake tender bids to companies and requests to supply equipment and goods.

Although the contact person's name on the letter may be of an existing official, the contact details on the letter are not the same as the *Government Printing Works*. When searching on the Internet for the address of the company that has sent the fake tender document, the address does not exist.

The banking details are in a private name and not company name. Government will never ask you to deposit any funds for any business transaction. *GPW* has alerted the relevant law enforcement authorities to investigate this scam to protect legitimate businesses as well as the name of the organisation.

Example of e-mails these fraudsters are using:

PROCUREMENT@GPW-GOV.ORG

Should you suspect that you are a victim of a scam, you must urgently contact the police and inform the *GPW*.

GPW has an official email with the domain as @gpw.gov.za

Government e-mails DO NOT have org in their e-mail addresses. All of these fraudsters also use the same or very similar telephone numbers. Although such number with an area code 012 looks like a landline, it is not fixed to any property.

GPW will never send you an e-mail asking you to supply equipment and goods without a purchase/order number. *GPW* does not procure goods for another level of Government. The organisation will not be liable for actions that result in companies or individuals being resultant victims of such a scam.

Government Printing Works gives businesses the opportunity to supply goods and services through RFQ / Tendering process. In order to be eligible to bid to provide goods and services, suppliers must be registered on the National Treasury's Central Supplier Database (CSD). To be registered, they must meet all current legislative requirements (e.g. have a valid tax clearance certificate and be in good standing with the South African Revenue Services - SARS).

The tender process is managed through the Supply Chain Management (SCM) system of the department. SCM is highly regulated to minimise the risk of fraud, and to meet objectives which include value for money, open and effective competition, equitability, accountability, fair dealing, transparency and an ethical approach. Relevant legislation, regulations, policies, guidelines and instructions can be found on the tender's website.

Fake Tenders

National Treasury's CSD has launched the Government Order Scam campaign to combat fraudulent requests for quotes (RFQs). Such fraudulent requests have resulted in innocent companies losing money. We work hard at preventing and fighting fraud, but criminal activity is always a risk.

How tender scams work

There are many types of tender scams. Here are some of the more frequent scenarios:

Fraudsters use what appears to be government department stationery with fictitious logos and contact details to send a fake RFQ to a company to invite it to urgently supply goods. Shortly after the company has submitted its quote, it receives notification that it has won the tender. The company delivers the goods to someone who poses as an official or at a fake site. The Department has no idea of this transaction made in its name. The company is then never paid and suffers a loss.

OR

Fraudsters use what appears to be government department stationery with fictitious logos and contact details to send a fake RFQ to Company A to invite it to urgently supply goods. Typically, the tender specification is so unique that only Company B (a fictitious company created by the fraudster) can supply the goods in question.

Shortly after Company A has submitted its quote it receives notification that it has won the tender. Company A orders the goods and pays a deposit to the fictitious Company B. Once Company B receives the money, it disappears. Company A's money is stolen in the process.

Protect yourself from being scammed

- If you are registered on the supplier databases and you receive a request to tender or quote that seems to be from a government department, contact the department to confirm that the request is legitimate. Do not use the contact details on the tender document as these might be fraudulent.
- Compare tender details with those that appear in the Tender Bulletin, available online at www.gpwonline.co.za
- Make sure you familiarise yourself with how government procures goods and services. Visit the tender website for more information on how to tender.
- If you are uncomfortable about the request received, consider visiting the government department and/or the place of delivery and/or the service provider from whom you will be sourcing the goods.
- In the unlikely event that you are asked for a deposit to make a bid, contact the SCM unit of the department in question to ask whether this is in fact correct.

VERY IMPORTANT INFORMATION

In terms of Section 15A of the Employment Equity Amendment Act, 2023 the Minister may, after consulting the relevant sectors and with the advice of the Commission for Employment Equity (CEE), for the purpose of ensuring the equitable representation of suitably qualified people from designated groups at all occupational levels in the workforce, set numerical targets for any sector or part of a sector. Numerical targets may be different for different occupational levels, or regions within a sector. A draft of any notice that the Minister proposes to issue must be published in a Gazette allowing interested parties at least 30 days to comment.

The table below contains the proposed 5-year sector targets for the various economic sectors prescribed in the EEA17 form in terms of population groups and gender for the four upper occupational levels (i.e., Top Management, Senior Management, Professionally Qualified and Skilled levels) and for employees with disabilities. The proposed sector EE numerical targets for the various population groups (i.e. African, Coloured, Indian and White) and gender must, where applicable, be proportional to the demographics of the Economically Active Populations (EAP), whether national or provincial. Please note that 'Black' in the table below includes Africans, Coloureds and Indians.

The National EAP shall apply to designated employers conducting their business/ operations nationally, and the respective Provincial EAP shall apply to designated employers conducting their business/ operations in a particular province. Designated employers cannot use the national and provincial demographics (EAP) at the same time. Designated employers must choose only one demographics (i.e. either national or provincial) and utilise the chosen demographics for the entire duration of the EE Plan that is in line with the 5-year sector targets.

NB: Designated employers are still required to implement the 5-year numerical goals and annual targets set in terms Section 20(2)(c) for the Semi-Skilled and Unskilled levels in their EE Plans, which are not covered by the sector targets, by utilising the same demographics of the EAP that they have chosen, whether national or provincial.

ADV GLYNNIS BREYTENBACH, MP

NOTICE OF INTENTION TO INTRODUCE A PRIVATE MEMBER'S BILL AND INVITATION FOR COMMENT, 2023

Adv Glynnis Breytenbach, MP, hereby gives notice of a name change to the Bill, the Constitution Eighteenth Amendment Bill, in respect of which she gave notice of intention to introduce in *Gazette* No. 47478 of 9 November 2022, to wit:

Acting in accordance with section 73(2) of the Constitution of the Republic of South Africa, 1996, intends to introduce the Constitution Twentieth Amendment Bill, 2023, in Parliament. An explanatory summary of the Bill is hereby published in accordance with Rule 276(1)(c) of the Rules of the National Assembly (9th Edition).

Cyber technology is increasingly central to government functioning and the provision of services to citizens. Proper cyber security is also fundamental to safeguarding many of the rights enshrined in the Bill of Rights and safeguarding our critical infrastructure and democracy. At present, personal information of individuals in possession of state departments is also not sufficiently protected against cyber-attacks. These attacks place private and public information at risk, which results in state-owned entities and the economy losing billions of rands to cyber-crime.

The state-owned entities currently tasked with addressing cyber-crime are chronically underfunded or lack proper expertise to perform their function adequately. In addition, these entities are not sufficiently streamlined, and often operate in silos across Government Departments. It is further vital that an entity that is directly accountable to Parliament and not to the national executive be tasked with safeguarding such fundamental rights.

Cyber security and cyber threats did not play such a big part in the functioning of the Republic and the lives of individuals with the adoption of the Constitution in 1996. The proposed Constitution Twentieth Amendment Bill, 2023 will seek to amend Chapter 9 of the Constitution to provide for the establishment of the Commissioner to regulate Cyber Security. The Cyber Commissioner will be tasked with supporting and strengthening constitutional democracy in South Africa by advising, monitoring and establishing cyber security capabilities in the public sector and will work with tertiary institutions and the private sector to establish minimum good standards, build capacity and create awareness.

Interested parties and institutions are invited to submit written representations on the proposed content of the draft Bill to the Speaker of the National Assembly within 30 days

of the publication of this notice. Representations can be delivered to the Speaker, New Assembly Building, Parliament Street, Cape Town; mailed to the Speaker, PO Box 15, Cape Town, 8000; or emailed to speaker@parliament.gov.za and copied to legislation@da.org.za.

Copies of the draft Bill may be obtained upon request from legislation@da.org.za.
