The same action will be taken where the operator violates any of the conditions of the operating licence. Special Conditions for Charter/Shuttles and Tourist operators for loading and off-loading passengers at Cape Town International Airport --- a) The holder of this operating licence must provide this service in accordance with the contract with the Airports Company of South Africa (ACSA). The operating licence is granted for the validity period of this contract and where the contract is terminated prematurely by ACSA due to non-adherence or misconduct on the part of the operator, the operating licence will be cancelled using the provisions of section 79 of the National Land Transport Act (Act no.5 of 2009). The renewal of this operating licence will be subject to ACSA either confirming that the existing contract is still valid or indicating to the PRE that the contract has been renewed. The service must be provided with the vehicle specified in the operating licence and in the contract and where this vehicle is defective, the holder must apply for the temporary replacement of the vehicle and must provide the PRE with a letter from ACSA indicating that the vehicle meets the required standards imposed by ACSA. Similarly, where the vehicle must be replaced on a permanent basis, the holder must submit to the PRE a letter from ACSA indicating that the vehicle meets the required standards as determined by ACSA; b) The holder of this operating licence or his or her duly authorised driver may not solicit passenger trips/tout for passengers at Cape Town International Airport. All fares must be pre-booked and passengers must be collected at the designated kiosk. c) The holder of this operating licence must provide the service in accordance with the requirements/provisions of the Civil Aviation Act (Act no 13 of 2009). d) Should no contract exist with ACSA, in the case where the authority originates from the holders place of business, the operator will only be allowed to make use of the drop and go facility or in the case of a tourist/charter operator, make use of the public parkade to collect pre-booked passengers only. The following conditions must be imposed on this operating licence authorising long distance services in terms of section 57(5) of the NLTA: --- a) That no additional fuel tank to be affixed to the vehicle and no additional fuel be kept in the vehicle in excess of the capacity of the normal tank. b) That passengers are not picked up at any other public transport facility other than those specified in the operating licence. c) Where information is brought to the attention of the PRE that the applicant has submitted false or misleading information, the operating licence will be summarily withdrawn using the provisions of section 79 of the National and Transport Act (Act 5 of 2009). d) The vehicle specified in this operating licence must either be registered in the name of the operating licence holder or the holder must be registered as the operator of that vehicle in terms of a vehicle lease agreement. Where such a lease agreement is terminated prematurely the operating licence will be suspended until a new vehicle is procured or until a new lease agreement is entered into. Conditions imposed by the City of Cape Town --- a) This specific operating licence will only be valid for a period of 24 months from the date of issuing. b) Strict adherence at all times by the operator and driver of the public transport vehicle to the City of Cape Town: Traffic By-Law, 2011 c) Should the applicant operate contrary to the operating licence

conditions the City will request the PRE to cancel the operating licence d) Certified tourist transport vehicle to display token, tag or equipment as prescribed e) Where applicable the tour guide must display the prescribed name badge whilst in the vehicle f) That the City is not liable to pay compensation if the operating licences are withdrawn before the expiry date in line with any restructuring and transformation of public transport services g) Accredited operator must renew their accreditation every five years in the prescribed manner, failing which their accreditation will lapse. h) That the operating licence is brought into use within 180 days or advance good reasons for not having commenced operations within that period.
